"NAVIGABLE WATERS PROTECTION ACT."—R. S. C. 140

Porter Idaho Mining Company Limited hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottwa, and in the office of the District Registrar of the Land Registration District of Prince Rupert at Prince Rupert, B. C., a description of the site and the plans of the wharf and dolphins proposed to be built on the foreshore near the mouth of the Marmot River, Portland Canal, in front of Lot Number Four Hundred Sixty-seven (467), Cassiar District, British Columbia;

AND TAKE NOTICE that after the expiration of one (1) month from the date of the first publication of this Notice, Porter Idaho Mining Company Limited will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the said site and plans and and for leave to construct the said wharf and dolphins.

Dated at Vancouver, British Columbia, this 30th day of July, 1928.

PORTER IDAHO MINING COMPANY LIMITED.

TO THE PUBLIC

We wish to announce the opening of our new billiard and Tobacco store in conjunction with our 67 Taxi Service in our new building opposite the Prince Ruper Hotel on Second Avenue. Our business was established in 1922. Since that time through the patronage of our many customers we have been successful in erecting this commodious building for which we thank each and every patron. We assure you of our continued service, courtesy and promptness we have given in the past, in our Taxi Service.

We have established ourselves in business here to remain and therefore, invite each and everyone to visit our new building which is open to public inspection every day. The building was constructed by the local firm of Messrs. Mitchell & Currie which is no doubt a credit to its builder and the city.

Waterfront Whiffs

(continued from page five)

Cancolim on visits to the five canneries in the Inlet. Having already been on the Skeena and Naas Rivers, the Cancolim is visiting canneries at the south end of the Queen Charlotte Islands this week-end and is due back here next week on her way to Vancouver.

After having spent a month on the West Coast of Vancouver Island engaged in pilchard packing to the reduction plants, Prince Rupert Salvage & Towing Co.'s power tug Salvage Princess brought up a large can-laden scow from the Fraser River to South Bay cannery at the end of last week and thence continued to Shannon Bay cannery in Massett Inlet with two scows. The Salvage Princess will be packing salmon to Shannon Bay until August 17 and will then proceed to South Bay to which plant she will pack until the end of the season, returning here in the fall. Capt. Frank Tyler is in command.

With contracts slow throughout the year, Japanese boatbuilders in Cow Bay Prince Rupert, are now engaged in construction of stock models which usually meet with ready disposal.

Y. Suehiro is building a 32 by 8½ foot trolling boat from a model upon which he has already made three or four boats. The keel has just been laid during the past few days. Type of motive power has not yet been decided upon.

At the Suga yard the construction of a 33 foot trolling boat of regulation design is just about completed. The engine for this vessel is not yet decided upon and may be put in to suit the purchaser.

Across Cow Bay K. Tsumura is building a 14-foot pleasure boat in which a 3 h.p. Dis-Pro engine, purchased from Joe Howe, has already been placed.

WINTER PROSPECTS GOOD

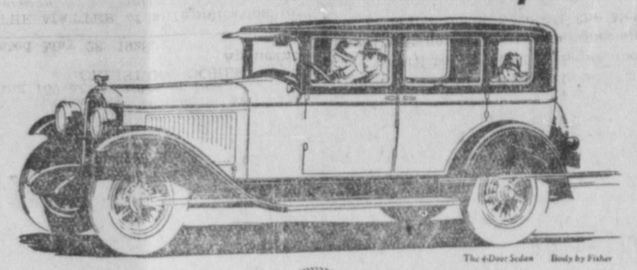
After an exceptionally busy month or so of late, machine shops and supply houses along the Prince Rupert waterfront reported a welcome lull since the first of this month. There has been nothing spectacular in the way of business this season but there has been much more or less small activity. With halibut landings higher this year than last and prices better and the various branches of salmon fishing also greatly improved over the conditions which prevailed in 1927, the prospect is that the forthcoming winter will be a much easier one than was the last when money was tight following a season of poor results in practically all departments of the industry.

Owing to continued lightness of American landings, the total halibut catch at the port of Prince Rupert for this season has again dropped behind the landings of 1927 at a similar date. The total for the present season now stands at 16,391,200 pounds as compared with 16,614,250 pounds at a similar date last year. The landings of Canadian fish for the present season standing at 5,188,900 pounds are well ahead of last year's 4,640,400 pounds at a similar date while American landings are down from last year's 11,773,850 pounds to 11,202,300 pounds. Many of the large American vessels are engaged in other lines of activity this summer and, unless there is much activity when they return to the halibut fishery in the fall, it is hardly likely the deficiency will be made up.

During the week of August 4-10, landings totalled 616,400 pounds made up of 220,900 pounds Canadian and 395,500 pounds American fish. Prices averaged somewhat lower than the week previous. The highest bid for American fish was 13.8c. and 7c. given the Augusta for 14,000 pounds while the high Canadian price was 12c. and 6c. paid the Fanny F. for 5,000 pounds. Low bids of the week were 9.6c. and 5c. for American fish and 9.5c. and 5c. for Canadian.

SMOOTHNESS and ENDURANCE

never before known at the price



WITH its sound basic design and its background of scientific development on General Motors Proving Ground—with its production advantages provided by the vast facilities of General Motors with its score of engineering advancements, including the famous G-M-R cylinder head—

—Pontiac Six offers a combination of smooth six-cylinder performance and high-speed endurance, the equal of which is found in no other car in the world selling for so low a price.

Its smooth, silent performance, combined with the beauty and luxury of its Fisher bodies, provides a measure of owner satisfaction unequalled in its field. And its tremendous endurance results in unparalleled length of life, which in turn, is expressed in consistently high resale value.

More important reasons for the selection of any car have never been found. That's why ever-increasing thousands are choosing the Pontiac Six . . why Pontiac sales for 1928 are far ahead of previous records.

LAND ACT.

NOTICE OF INTENTION TO APPLY TO LEASE LAND

In Smithers Land Recording District and situate adjoining Lot 5180 on East side of Skeena River.

TAKE NOTICE that Christina Corley, of Pacific, B.C., married woman, intends to apply for a lease of the following described lands:—

Commencing at a post planted at the southeast corner of Lot 5180, Range 5, Coast District; thence north 80 chains, thence east 20 chains; thence south 80 chains; thence west 20 chains, and containing 160 acres, more or less.

CHRISTINA CORLEY,
Applicant.
Dated May 28 1928.

IN THE MATTER of an application for the issue of a Duplicate Certificate of Title for Lot nineteen hundred and eighty-three (1983), Range five (5), Coast District.

Satisfactory proof of the loss of the Certificate of Title covering the above lands having been produced to me, it is my intention to issue, after the expiration of one month from the first publication hereof, a Duplicate Certificate of Title to the above land in the name of Joel Pillsbury. The original Certificate of Title is dated the 7th September, 1910, and is numbered 309R.

Land Registry Office, Prince Rupert, B. C., 23rd July, 1928.

H. F. MacLEOD,
Registrar of Titles.

PRINCE ALBERT BACK ON THIS COAST FROM VOYAGE TO ANTWERP

After a voyage from Antwerp, which occupied several months, the freighter Prince Albert, well known at this port out of which she plied for many years, arrived back in Vancouver this week. The ship, which took lumber to the European port last summer, left Antwerp on her return to the coast in September, passed the Panama Canal in October and spent several months hove off the Mexican and California coasts. Various members of the United States liquor patrol fleet went alongside the vessel, only to find she was in ballast. The Prince Albert is now at the B. C. Marine Ways in Vancouver for repairs.

Because a quorum could not be mustered, the regular monthly meeting of the board of directors of the Prince Rupert General Hospital, which was to have been held last night, had to be postponed and will probably take place next week.
