NEAR ANYOX

Considerable Excitement Caused by Discovery Near Bonanza

Considerable excitement has been caused at Anyox and Alice Arm by what is heralled as the Northern British Columbia when John McCallum, Ralph Ingraham and a Scandinavian named Eric staked three claims adjoining the Bonanza mine, a short distance up Granby Bay from Anyox, after locating a vein of ore carrying free gold. The ore is quartz with pure gold showing all over it and is said to be of fabulous value. The vein is from two to six feet wide and has been traced for a distance of 400 feet on the surface. It is said to run into the Bonanza ground which is owned by the Granby Co. and is at present under extensive development with a view to operating it as an additional copper supply for the Anyox smelter.

The fire department responded three alarms yesterday.

At 12.30 noon there was a grass fire which ignited the plank road leading to the elevator in Westview. Damage consisted of the burning of a few planks. At 4 o'clock in the afternoon the roof of a Chinese shack at the corner of Fulton and Taylor Streets caught fire from a chimney spark. Part of the roof was burned.

At 8.30 last evening a short circuit of the ignition system set the Casey mail carrying car on fire at the corner of Eighth Avenue and Lotbiniere Street. The fire was out before the department

arrived on the scene. The long spell of warm, dry weather is causing an unusual fire hazard in Prince Rupert generally.

Official Notification of Good Coarse Gold Being Taken Out

Judge Young of this city is in receipt of a letter from C. L. Monroe, gold commissioner in Atlin, who states that there is quite an excitement over a new placer strike on Squaw Creek about twelve miles south of Dalton Post on the B.C. side of the boundary and that he and Corporal Webster were immediately

leaving to investigate. They go to White Horse first and then by auto to Champagne Landing and then 40 miles over

the old Dalton Trail. The Indians are reported to be taking out good coarse gold from shallow diggings.
