Premier Tolmie Declares Cabinet Making is Exciting Sport, More So Even Than Playing Game of Hockey

VICTORIA, Aug. 23.—Premier Tolmie is not enamoured of the task of forming governments, especially when there are only eight vacancies to fill with some 35 available members, all of whom, he says, are capable of filling the places.

At a picnic given by the Esquimalt Conservative Association yesterday Dr. Yolmie said that while some of those present might regard hockey as an exciting game it was not in it with forming a cabinet. "There is no reason for believing that the best that are within the group of Conservatives in the House are within the Government. I could not crowd 35 men into eight positions and that was the task I was faced with."

Chinese Run Amuk Killing Ten and Seriously Wounding Others With Hatchet and Rifle Yesterday

FAIRFIELD, California, Aug. 23.—Ten Chinese were slain and five seriously wounded when Lay Yuen, a cook on the Wong Gee ranch near here ran amuk yesterday.. Using a rifle and hatchet he killed Wong Gee, his wife and three children and four others and then fled in an automobile.

The attack came without warning. The cook descended on the Wong family brandishing a hatchet and killed the mother and father and three children, decapitating the youngest infant as it lay in its mother's arms and then invaded the bunkhouse, pursuing one of the victims beneath the bunk where, being unable to reach him with the hatchet, he shot him to death.

The slayer was captured in a chicken house today by sheriffs. The rifle used by him was found last night and the automobile located. The Chinaman said he watched the sheriffs trail him through the bush last night and could easily have killed both. He said he killed the others "because they tried to poison me."
