The New Plug in!

# Victor Radio

has made good!

HAS made good because Victor made it well! Victor Radio, today, is the fruit of sound planting and successful growth on the part of an organization famous for its musical instruments. Its positively startling success—its acceptance in a short space of time, is proof that Victor has kept faith with the radio buying public.

We feature above, the widely bought single control table model, simply and elegantly designed in walnut, to be obtained from Victor Radio Dealers with a complete set of eight tubes and cord ready to "plug-in" to the lighting socket, for only **\$190.**

These branches, therefore, enable all parts of the Dominion to share equally in the benefits that the Home Office represents and dispenses.
