RELIEVE HEADACHES? Certainly!

A question we frequently hear is: "What can you do for my headache?" The answer is: "We can relieve it in almost every case and most times very quickly." How quickly depends upon how serious is the condition which causes the headache.

For the fact is that a headache cannot exist by itself. It is a symptom of a deeper trouble and its cause must be removed before you are safe from a recurrence. That cause may be from the eyes, liver, kidneys, stomach or intestines.

Wherever it be, it is in itself an effect of imperfect nerve transmission due to spinal pressure on nerves. It is the work of the Chiropractor to locate and remove such pressure. Those who have taken his adjustments will tell you that he does this very successfully.

CANADA LAND OF TOLERANCE

Religious Freedom and Good
Will Has Obtained but is Said
to be Threatened

Writing in the Montreal Herald, C. L. Sibley says: Canada is a country of religious tolerance. The two great branches of the Christian church, the Roman Catholic and the Protestant, exist here in complete harmony. Much of our present prosperity, and certainly much of our happiness as a people, comes from the very fact that we agree to differ and that in matters of government and of public administration no one church seeks to dominate the other or to dictate our policies as a nation. In no other country in the world do the various branches of the Christian church live together more happily as fellow Christians than in Canada.

This country has a great responsibility not only to itself but to the world at large in the maintenance of these conditions. No one who considers the harm that may be done to the cause of religion, and to national progress and prosperity, by the unfortunate ramifications of the Prayer Book controversy in Great Britain can escape the reflection that it would be unfortunate if Canada became involved in similar religious strife, or the reflection that Canada seems destined to be a shining example to Christendom of the way to religious peace.

DANGEROUS PROPOSAL

Now if it is proposed to pass what practically amounts to a censure on the government and a censure on Sir Henry Thornton, on the ground that one branch of the Christian church represented in Canada is at odds with the Mexican government, a religious controversy, the magnitude and ramifications of which are beyond the powers of any to estimate, may be precipitated. There is nothing more dear or more sacred to the individual than his religious belief. There is nothing more easy to arouse than religious prejudice and passion.

Well may our legislators pause before they range the people politically
