CHAIRMAN OF WHEAT POOLS GIVES ADDRESS

TELLS OF SCOPE OF CONVENTION AND URGES CO-OPERATION OF CO-OPERATORS

WORKING TOGETHER

SAYS TIME FOR BETTER ORGANIZATION OF GENERAL MOVEMENT AND WELDING UNITS

REGINA, Sask., June 5.—An effort to bring all co-operative organizations handling farm products into closer harmony in the interest of a more equitable distribution of the world's goods was urged in the opening address of C. H. Burnell, chairman, before the International Wheat Pool Conference here today.

The committee in charge of arrangements, he said, had decided to widen the scope of the conference to include some of the large co-operatives handling other farm products than grain, prompted by "a consideration of the situation which seemed to indicate that all our co-operatives have problems which are common to each other; while at the same time, of course, those groups handling one commodity also have their own special problems."

Referring to the important place co-operative institutions occupy in every country in the world, the speaker pointed out that in many cases the most successful co-operatives were working apart in a field of their own so far as strengthening or encouraging other co-operatives was concerned. Thus in a consideration of the co-operative field these organizations were entirely overlooked.

Recently a report on co-operation in Canada omitted to mention Manitoba's two large Farmers' Mutual Fire Insurance companies, one over 32 years old with $130,000,000 of insurance, probably the world's largest farmers' co-operative insurance company; and the other 14 years old with over $65,000,000 insurance placed.

"Co-operators the world over should march forward together," Mr. Burnell continued. "We are not striving to take that which belongs to others, but simply striving to bring about more equitable distribution of the world's goods.

Chairman Burnell expressed the hope that the Conference would appoint a very strong committee to be called the National Co-Operative Committee, to devise ways and means of getting all Canadian co-operatives acquainted with each other and working together. Such a committee already existed in Manitoba. Formation of a nation-wide organization in the United States with the avowed object of fighting agricultural co-operation indicated it was high time for better organization of the co-operative movement and the welding of the various units more closely together.

R. S. Sargent of Hazelton is a business visitor in the city, having arrived from the interior on yesterday afternoon's train.
