They were Capt. ohn Ivarson's Melville and Capt. Hans derdahl's Covenant. Each boat is a plica of the other and they are splenadly constructed fifty-eight foot vesels which will be powered with 75 h.p. arbanks-Morse full diesel motors. acy will both be ready to start fishing by the end of the month.

There were several interested spectaors, in addition to the owners and their families, present for the lunaching ceremonles. The wife of the owner in each case broke a bottle of champagne over the boat's bows.

LIBRARIES, COLLEGES AND HIGH SCHOOLS WRITE FOR BOARD OF TRADE PUBLICATION

Secretary Brooksbank reports that board of trade booklet. Eleven requests have been received during the past week and this is about an average number. Many of the requests come from Canadian and United States free libraries, colleges and high schools and a number of the writers say they are preparing addresses and wish to use it in preparing the subject matter. They ask for it by name showing that it has established itself as a handbook of reliable informa-

> During the past twenty-four hours, thirty carloads of grain have arrived from the prairies for the local elevator. Railway offices this morning reported some three hundred carloads on the division bound here.

The King James will finish loading today and will sail tomorrow for the United Kingdom or Continent with a full cargo.

FAVORS OBED IN SUPPLY IS NOTED

SAYS THIS UNDOUBTEDLY THE BEST, JUDGING FROM PRE-SENT INFORMATION

OTTAWA, March 6. - The Obed route, from information available, is unquestionably the best Pacific outlet for the Peace River country hs a whole. It is, however, unpopular with certain sections of the country. Actual surveys have been made over this route and also of the Pine Pass route. In order that correct comparisons may be made between all the routes surveys must be made over the other two routes, Monkman Pass and Peace Pass. This is the conclusion reached in the report of E. M. Hill, reconnaissance engineer of the Western Region. Canadian National Railways. The document was tabled in the House of Commons yesterday by the minister of railways.

Tearing Down Bent Store Begins Preparatory to Erecting Theatre on Site Recently Purchased For It

Preparatory to the erection of the fine new theatre by Misak and Paul Aivazoff on Third Avenue near the corner of Fulton Street, Mitchell & Currie started this morning on the removal of that part of the building owned by P. Burns Co. Ltd. which was formerly occupied by Joe Bent. This portion of the building stands on eighteen feet of frontage which has been purchased by the Aivazoffs in addition to their original fifty feet.

Plans for the new theatre have been filed with the city engineer and reveal a structure which will be a real acquisition to the architecture of the city.

Two airships were now being built, he said, twice the size of the R-33 ably carry 100 passengers.

Parks Board Puts Forth Many Suggestions with View Beautifying City

Only One Refusal and That in Regard to Moving Handball Court-Very Valuable Proposals are Made and Adopted

All but one of sixteen suggestions put forward by the parks board for beautification of the city met with the approval of the city council which dealt with the matter in detail clause by clause at last night's meeting. The recommendations of the parks board which were accepted were as follows:

That the city council request the provincial government to clean up Cow Bay and burn up old boats lying derelict and partly submerged there.

That signs be erected forbidding the felling of green timber specially along the new highway and

government and railway companies be sought in this regard. That advertising signs be not allowed on city property or along the highway and that the co-operation of the

provincial government and the railway company be also enlisted in this That the clearing away of old rubbish en certain private properties be

recuested. That the provincial government be requested to improve the Court House den plcts, shrubs, etc.

That the city health bylaws in the matter of domestic animals and fowls be strictly enforced.

That citizens be uregd to paint their harm. building during the coming spring.

as far as possible. That the city assist in the improvement of such portions of the streets by pulling stumps in front of the lots. PLAN UUI adjoining McBride Street at Fourth Avenue and Fulton Street be improved by the city through the planting of

broom and such shrubs. That steps be taken to prevent the dumping of ashes except where re- HON. W. H. SUTHERLAND TELLS quired for the purpose of filling. That school gardens be encouraged

as well as small children's gardens and that cash prizes be offered by the city in the form of rosebushes, plants, etc.
