NOT TO REMOVE ROCK JUST NOW

Recommendation of Board of Works for Excavation on First Ave. referred back to Committee

A report from the Board of Works recommending that the city proceed with the removal of rock bluff from lots 7 to 12, block 11, Section 1, for the sum of \$750, as offered by the owners of property concerned, was turned back to the committee for further investigation and report after considerable discussion at last night's council meeting. The property owners who asked that the rock be removed on these terms were Flora Collart, J. C. McLennan, W. E. Collison and W. J. Alder.

Ald. Rudderham, in opening the discussion, stated that the report of the Board of Work was not unanimous, he having refused to sign it. He was opposed to the city taking rock off private property while there were such unopened streets as Seventh Avenue near McBride Street. It would take three years, he estimated, to remove the rock on the lots referred. Meantime, Seventh Avenue would remain unopened.

Ald. Prudhomme stated that the lots on First Avenue contained some 15,000 yards of rock—enough to last the city for a couple of years. The cost would be a great deal more if the plant were moved to Seventh Avenue. If the rock was taken from Seventh Avenue he feared that the overbreak might endanger some of the houses on the hill there.

Ald. Brown stated that it had been his understanding that, when the Postulo lots were cleared, it had been promised by last year's council that the opening of Seventh Avenue would be proceeded with. He felt that the figure of \$750 for the removal of 15,000 yards of rock was very cheap—much cheaper than any contractor would do the work for. He was opposed to the whole undertaking as far as the clearing of these lots was concerned.

Ald. Linzey agreed that the figure was all in favor of the property owners. He felt that these people should bear the expense of removing the rock. He was heartily in accord with the opening up of Seventh Avenue which, as a blind street, was very inconvenient.

Might Build on It
It was not the intention of the Board of Works, pointed out Ald. Prudhomme, that the city should be paid for the removal of the rock from the lots in question. There was a possibility that the property might be built upon if the rock was removed. The sum of \$750 would more than pay for the removal of the crusher.

While admitting that the rock pile on First Avenue was more or less unsightly, Ald. Tinker felt that due consideration should be given the case of Seventh Avenue. The work that would do the most good to the majority of the people should be decided upon.

Ald. Dibb inquired if there was any urgency for rock at this time. If there was not, he believed that the whole matter should be gone more thoroughly into and both projects more definitely reported upon.

Ald. Rudderham stated that the city would not need any more rock until next spring. There was no reason why the council should go too far in the matter. He agreed that there should be estimates on both jobs.

While he felt it might be good business to have this unsightly pile of rock in the middle of the business section removed, Mayor McMordie agreed that it was a good suggestion that the whole situation should be reported upon.

The resolution referring the matter back to the Board of Works for further report was moved by Ald. Rudderham, seconded by Ald. Dibb and carried.

"Sh-h-h" ejaculated Ald. Collart at last night's council meeting as City Solicitor Jones started to read a report from the finance committee regarding the purchase of a lot as item No. 9 on the agenda was called. "Oh, yes," sated the solicitor "that stands over," so that was as far as that particular item got, accounts being speedily turned to.

NEW HAZELTON

The Omineca Herald has come into possession of an interesting relic in the form of a copy of the Hazelton Queek, the first paper ever published in the north country. Written in long hand with pen and ink, the editor of the sheet was the late Charles Clifford, who founded it in 1880.

Albert Mercer came down from the Aurimont mine at the first of last week and is now preparing to go out on his trampoline on the south fork of the Copper River. He will be away until about New Year.

A number of railway officials were in town last Tuesday, making inspections of the line preparatory to the starting shortly of a heavy wheat traffic to Prince Rupert.

Mrs. Roy Guss entertained a number of friends last Monday night, the occasion being her birthday.

Indian Agent Ed. Hyde returned to Hazelton last Tuesday after a trip of inspection to the Babine Valley on which he was accompanied by Col. Bragg, inspector of Indian Agencies. The run of fish in the Babine this year has been the poorest in many seasons, Mr. Hyde reported.

Rain last Monday night extinguished a number of forest fires in this district including one between New Hazelton and South Hazelton, another on the Salmon River not far from Maik George's timber limits and still another near Moricetown. The forest fire menace this season is now believed to be over.

W. B. Dornberg, who is operating the Silver Cup mine here, recently won a big lawsuit in the Supreme Court of British Columbia from Mr. and Mrs. William Sommerville. Shares in the Kootenay Mining Co. were in dispute.

The corn and snflower crop is now being reaped at the Hazelton Hospital. It is proving well up to the average yield.

ALICE ARM

Mr. and Mrs. H. Morden left last week on their return to their home in North Vancouver after paying a visit here with Mrs. Morden's parents, Mr. and Mrs. Norman Fraser.

Mrs. Midbust returned last week to her home in Prince Rupert after paying a visit here with her sister, Mrs. G. Anderson.

Mrs. J. Calfa has been spending the past week visiting with friends in Prince Rupert.

Al Falconer shipped last week from the local sawmill a scow load of lumber which will be used by the Silver Crest Mining Co. in construction work on the Saddle group on Hastings Arm.

GOLDBLOOM'S SALE OF LADIES' FUR COATS

Would you like a fur coat? And would you like to get it at one third less than the regular cost? Of course you would. Who wouldn't? The thing to do, then, is to visit Goldbloom's the old reliable fur dealer. Goldbloom is having a sale of furs before he leaves for New York. He goes next week to arrange for his purchases of raw furs and until he leaves, every article in his store is being offered at real sale prices—one-third below the ordinary price.

After being twenty years in business in Prince Rupert, Goldbloom prides himself on the number of his satisfied customers. He guarantees every article he sells to be as represented and to give satisfaction—with a money back guarantee. And no one can do much better than that!

So see Goldbloom this week about that fur coat, before he leaves for the east.

A WIDE APPEAL

AS AN ADVERTISING MEDIUM

As an advertising medium the Prince Rupert Daily News has a wide appeal. Not only is it read by the people of Prince Rupert, many of whom look to it for mercantile guidance, but it reaches out to the country districts where its arrival is awaited with eagerness. The mining camps and the towns of the interior look to it for the first news of the outside world.

Prince Rupert people who wish to reach the surrounding districts find there is only one medium, that of the Daily News. It is better and cheaper than any other advertising medium and can be depended upon to bring results if anything can.

Past and Present

In the past when only about 1500 papers were being sold, advertisers in the Daily News claimed they got good results from outside points as well as in the city. During the present year the circulation has increased over a thousand, and the appeal to advertisers is consequently that much the wider.

Wisdom of Advertising to Keep Goods Moving

Very few merchants seem to realize the cumulative effect of advertising. Every new customer secured is worth a great deal and this new customer becomes an advertiser for others, if he is well treated. The newspaper not only brings customers direct but prepares the way for the spread of business by personal contact.

The advertising manager will be pleased to talk this matter over with prospective advertisers and show them the newspaper's mailing list.

THE DAILY NEWS

Prince Rupert - - - British Columbia

The great advertising medium for Northern and Central British Columbia.
