Teachers and Pupils Excel Themselves in Production of Operetta "The Pixies' Triumph"

A colorful and altogether deghtful entertainment, enjoyable to the older persons as well as the young, was the operetta "The Pixies' Triumph," presented last night before a large audience in the auditorium of Booth Memorial School. It was the 1928 Christmas concert of the pupils of this school and reflected careful and effective preparation by children and teachers alike. A well arranged stage, brilliantly colored fairy costumes and the browns and greens of the Pixies made stage settings of much beauty. The tuneful choruses were well rendered, while the soloists showed real ability and talent. Dances and drills all added to the effectiveness of the presentation, which will be repeated !!

By song and spoken word, it is finally told how agreement was reached in sharing the kingdom with the Fairy Queen and the Pixie King at last taking the throne together. The entertainment lasts about two hours. At the opening last night, Miss E. A.
