Foil wrapped

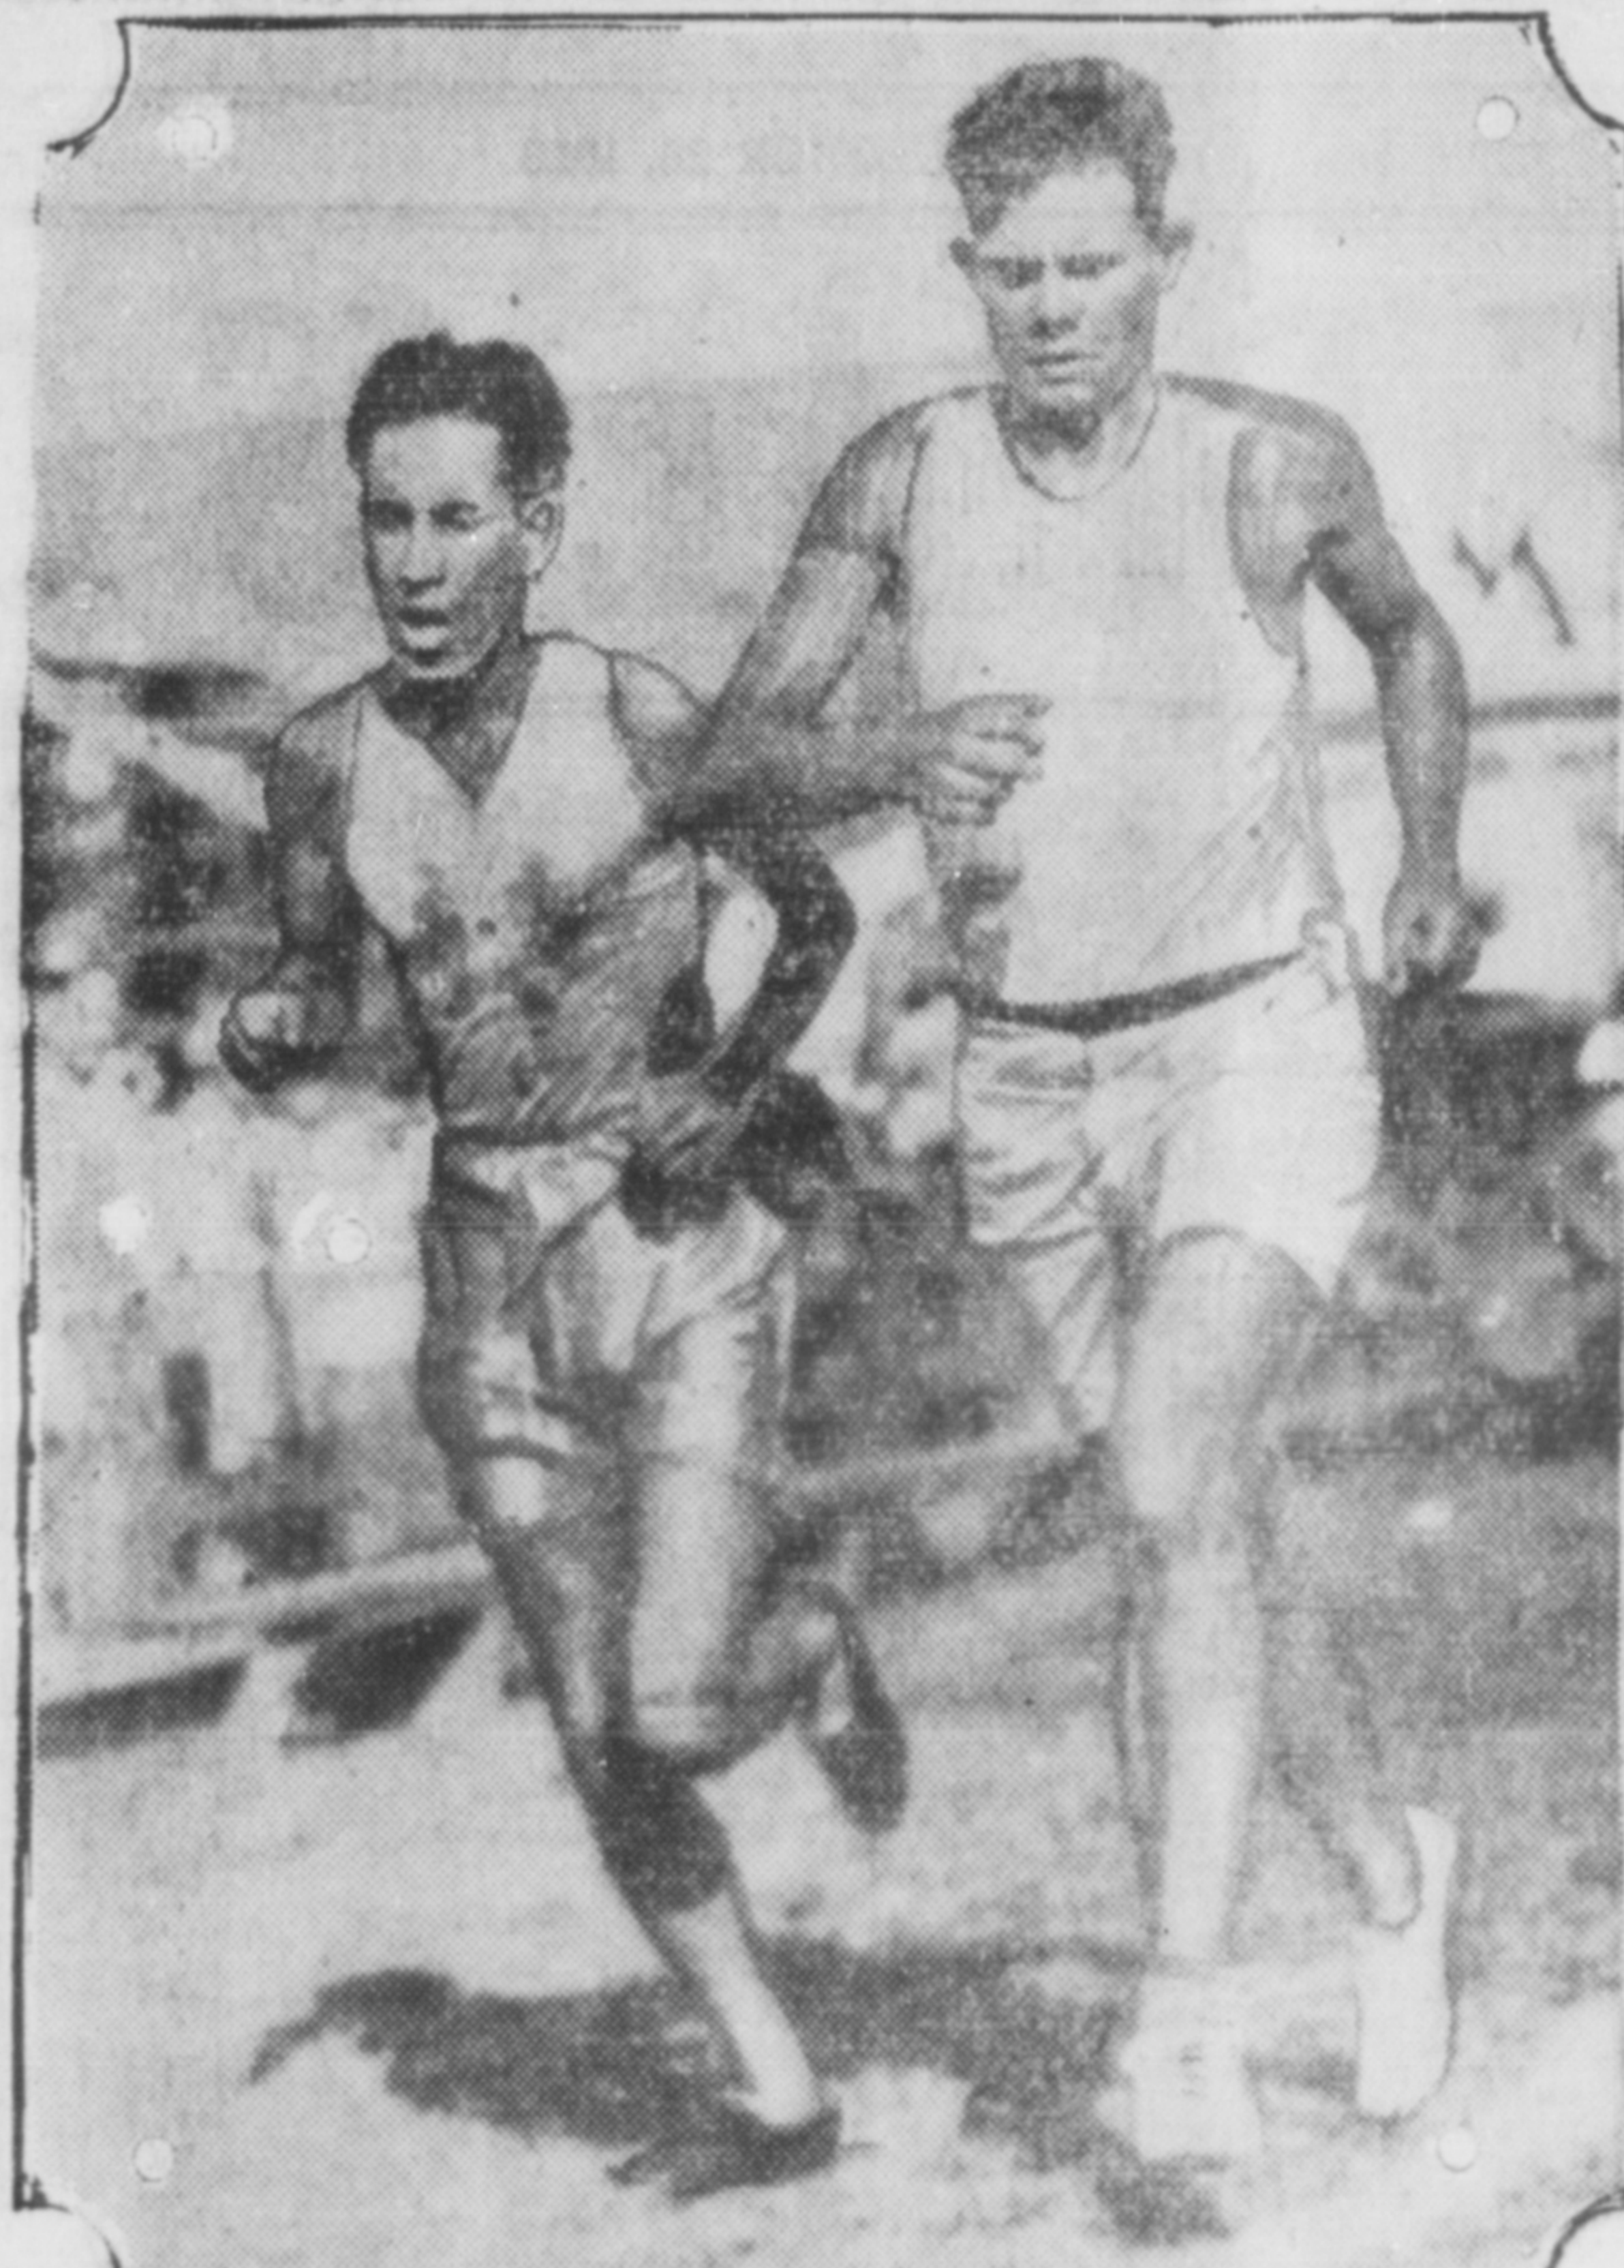

"I recently dropped in at my dealer's to buy some Marguerite cigars. When he handed them out I found they were wrapped in tin-foil. I got quite a shock because this is the first change in packing Marguerites for 40 years. It's a fine idea though. It protects from breakage and it preserves the original flavor and aroma of the cigar. And the best part of it is the price is the same as before."

The Motorist's favorite cigar—the Marguerite—a splendidly made, full-flavored cigar that pays you dividends. The bands are valuable—keep them. Ask your dealer (or write Tucketts Hamilton) for list of useful premiums you can get for these bands.

SPORT CHAT

Local sport fans generally are gratified that the Prince Rupert Basketball Association has decided to open the season at an early date. November 2, next Friday night, should mark the inauguration of one of the most successful basketball seasons in the history of this city. The Senior and Intermediate Leagues, at least, have a sufficient number of teams and report is that they are all very well matched. In any case, no one aggregation is a marked favorite to cop the winter's honors. There promises to be an especially large amount of interest taken in the Intermediate League where six teams are entered. It would have been better could more than two teams have been entered in the Ladies and Junior Leagues. The however, in each case, may put up good competition.

Battling Dido Gurvich is going strong in Bellingham where he is spending the winter. Benny Wendle also seems to be making a name for himself in the ring there. "Battling Gurvich of Prince Rupert copped the verdict over Wesley Mullett, Seattle dancing master, in a vest busting four-round exhibition in the deuce spot," says a Bellingham paper in recording one of Dido's battles. "Gurvich tried to fight nice swinging both hands from the carpet but he never could catch up to his carrot-thatched opponent. Mr. Mullett tried every known punch on Gurvich's chassis but couldn't find the right combination. Gurvich looked like a nice set up boy who likes to fight and appears to carry a wallop. He is said to have the stuff and he is figured to climb rapidly."
