

We'll Wash You Iron

IF you like to iron we'll be glad to do the harder job of washing. And without mousing your home! We'll call for your family bundle. We'll wash it snowy white in pure soap and rainsoft water. We'll extract most of the water in our special fabric-saving spinning basket wringers. Then we'll return everything to you, sweet and sanitary. . . . and just damp enough for your own hand iron. We call this our Wet Wash Service. The charge only 5 cents a pound.

PROFITING by Example

The striking thing about most patients of the chiropractor is that they have not just happened into his office—they have been sent there by a former patient—one who knows what Chiropractic did for him, and what it will do for others.

It is this circle of satisfaction, this proof by way of results which has built chiropractic to its present eminence. As people learn that there is science which strikes at the cause of disease instead of trifling with effects, Chiropractic grows.

By my chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.
