High Grade Ore Struck on Tiger at Alice Arm-Bonanza Strike Is Not Very Important.

High grade ore has been encountered in a tunnel being driven in the Tiger property at Alice Arm for the Utility Mining & Financing Co. Ltd. The ore, running across the full face of the tunnel, was struck at a distance of about 97 feet from the portal and the extension of the tunnel will be continued. This tunnel is being driven at a 100 foot lower elevation than the old tunnel and will give considerable depth on the ore. Up to the present time, underground work on the Figer has been done by hand but a compressor and diesel engine will soon be installed. On the installation of the compressor, new tunnel will be commenced at an

clevation of 150 feet lower than the whatever of being declared winner of one unnel now being driven.
