3100 Inspected by Empire Delegates

The inspection by the delegates of the British Empire Parliamentary Association of the largest passenger engine in the British Empire, the new Canadian Pacific 3100 afforded an opportunity for a group photograph of a number of prominent members at Windsor Station on their way home. From left to right they are; A. B. Calder, special representative of the Canadian Pacific Railway; Gearold O'Sullivan, T.D.; and Martin Roddy, T.D., from the Irish Free State; Jozua Francois Tom Naude, M.L.A., South Africa; Hon. L. Cripps, Speaker of the Legislative Assembly of the Colony of Southern Rhodesia; Hon. Ernest George Jansen, M.L.A., Speaker of the House of Assembly, South Africa; Senator William George Thompson, V.D.; Australia; Sir Samuel Chapman, M.P., Great Britain; Geo. Hambledon, Ottawa; C. W. Masterson, Montreal; and Major Guy Kindersley, M.P., Great Britain; Geo. Hambledon, Ottawa; C. W. Masterson, Montreal; and Major Guy Kindersley, M.P., Great Britain.

New Vein of Good Ore Encountered at Topley Mine-Large Developments at Khutze Inlet-Opening up Property Adjoining Surf Inlet

In running a cross-cut to the east vein, a new vein, running of the Belmont Surf-Inlet mine at right angles to the west and east veins, was encountered recent- and on the same lead. Two veins, ly at the Topley-Richfield mine. Three assays were taken, the carrying good gold values, have highest showing 3.12 ounces in gold and 81.60 ounces silver or a been encountered and will be detotal value of \$111.36 in gold and silver alone. A second sample ran veloped at depth. These claims \$17.88 in gold and silver and the third sample \$6.80 in gold and lie on the mountainside to the silver. There were also high copper values. A cross-cut on the east of Archie Lake and are exnew strike will be run both ways from the point of intersection. A cellently situated for economical new engine and compressor, which provides for the doubling of working and shipping of ore. the capacity of the power plant on the property, have just been installed.

Over 3,500 feet of diamond drilling has been completed and about 2,800 feet of tunnelling. The later work is proceeding at the rate of 350 to 370 feet per month. It is the intention of the company to finish the balance of the 10,000 foot diamond drilling contract by moving the drills underground so that work may continue all winter without interruption. A new turbine air hoist has been purchased for use in development from the 100-foot level to depth. Several winzes will be der to prove by spring the best location for the permanent shaft. proven under the supervision of H. L. Batten, M.E., and officials of the Dominion Geological Surores in Topley-Richfield has been further demonstrated.

down the coast from Prince Ru pert, which is under option to and is being worked by Detroi capital under the management the Revenue Mining Co. A hy dro-electric plant is being instal led, the machinery being tha which was formerly used by the Belmont-Surf Inlet Co. 'at Surf Inlet. A shipment has been made to Tacoma of 160 tons of coppe ore which carries an average value of \$57 per ton in gold, sil ver and copper. Some of this cre ran 1.2 ounces gold and 1 During the summer the geology of ources silver to the ton and 2' the district has been thoroughly per cent copper. A new vein has been struck at the head of the canyon carrying free gold coarse nuggets and the outlook vey and the extent and value of for the property is considered fa-

Copper group at Khutze Inlet

Work on the Big Missouri mine Good progress is being made now consists of drifting, the diawith development of the Western mond drilling program having McIntosh Reds, fancy \$2.90

been completed for the present. The drifting has encountered stringers carrying free gold though not commercial ore. The property, however, is looking better today than it ever did before in its history.

Gold Coast Mines Ltd. is meeting with success in its development of claims lying to the south

The Pat Daly Mining Co. is erecting a warehouse at the confluence of American Creek and Bear River, Stewart, where machinery, supplies, etc. will be accumulated and moved up during the winter to the Mountain Boy mine which the company is developing. A fire-drill compressor. 2500 feet of air pipe line as well as other machinery has been ordered and will be used in winter development of the property. Mr. Lymberier of Montreal, president of the Pat Daly Mining Co .. paid a visit recently to inspect progress of operations at the mine. The mine was recently the scene of a discovery of ruby silver ore running as high as 2,700 ounces to the ton.

Prices current are as 'ollow:

Dates, bulk, 2 lbs. for 2. Green Cooking Apples (B.C.), 3 lbs

MILESTONES

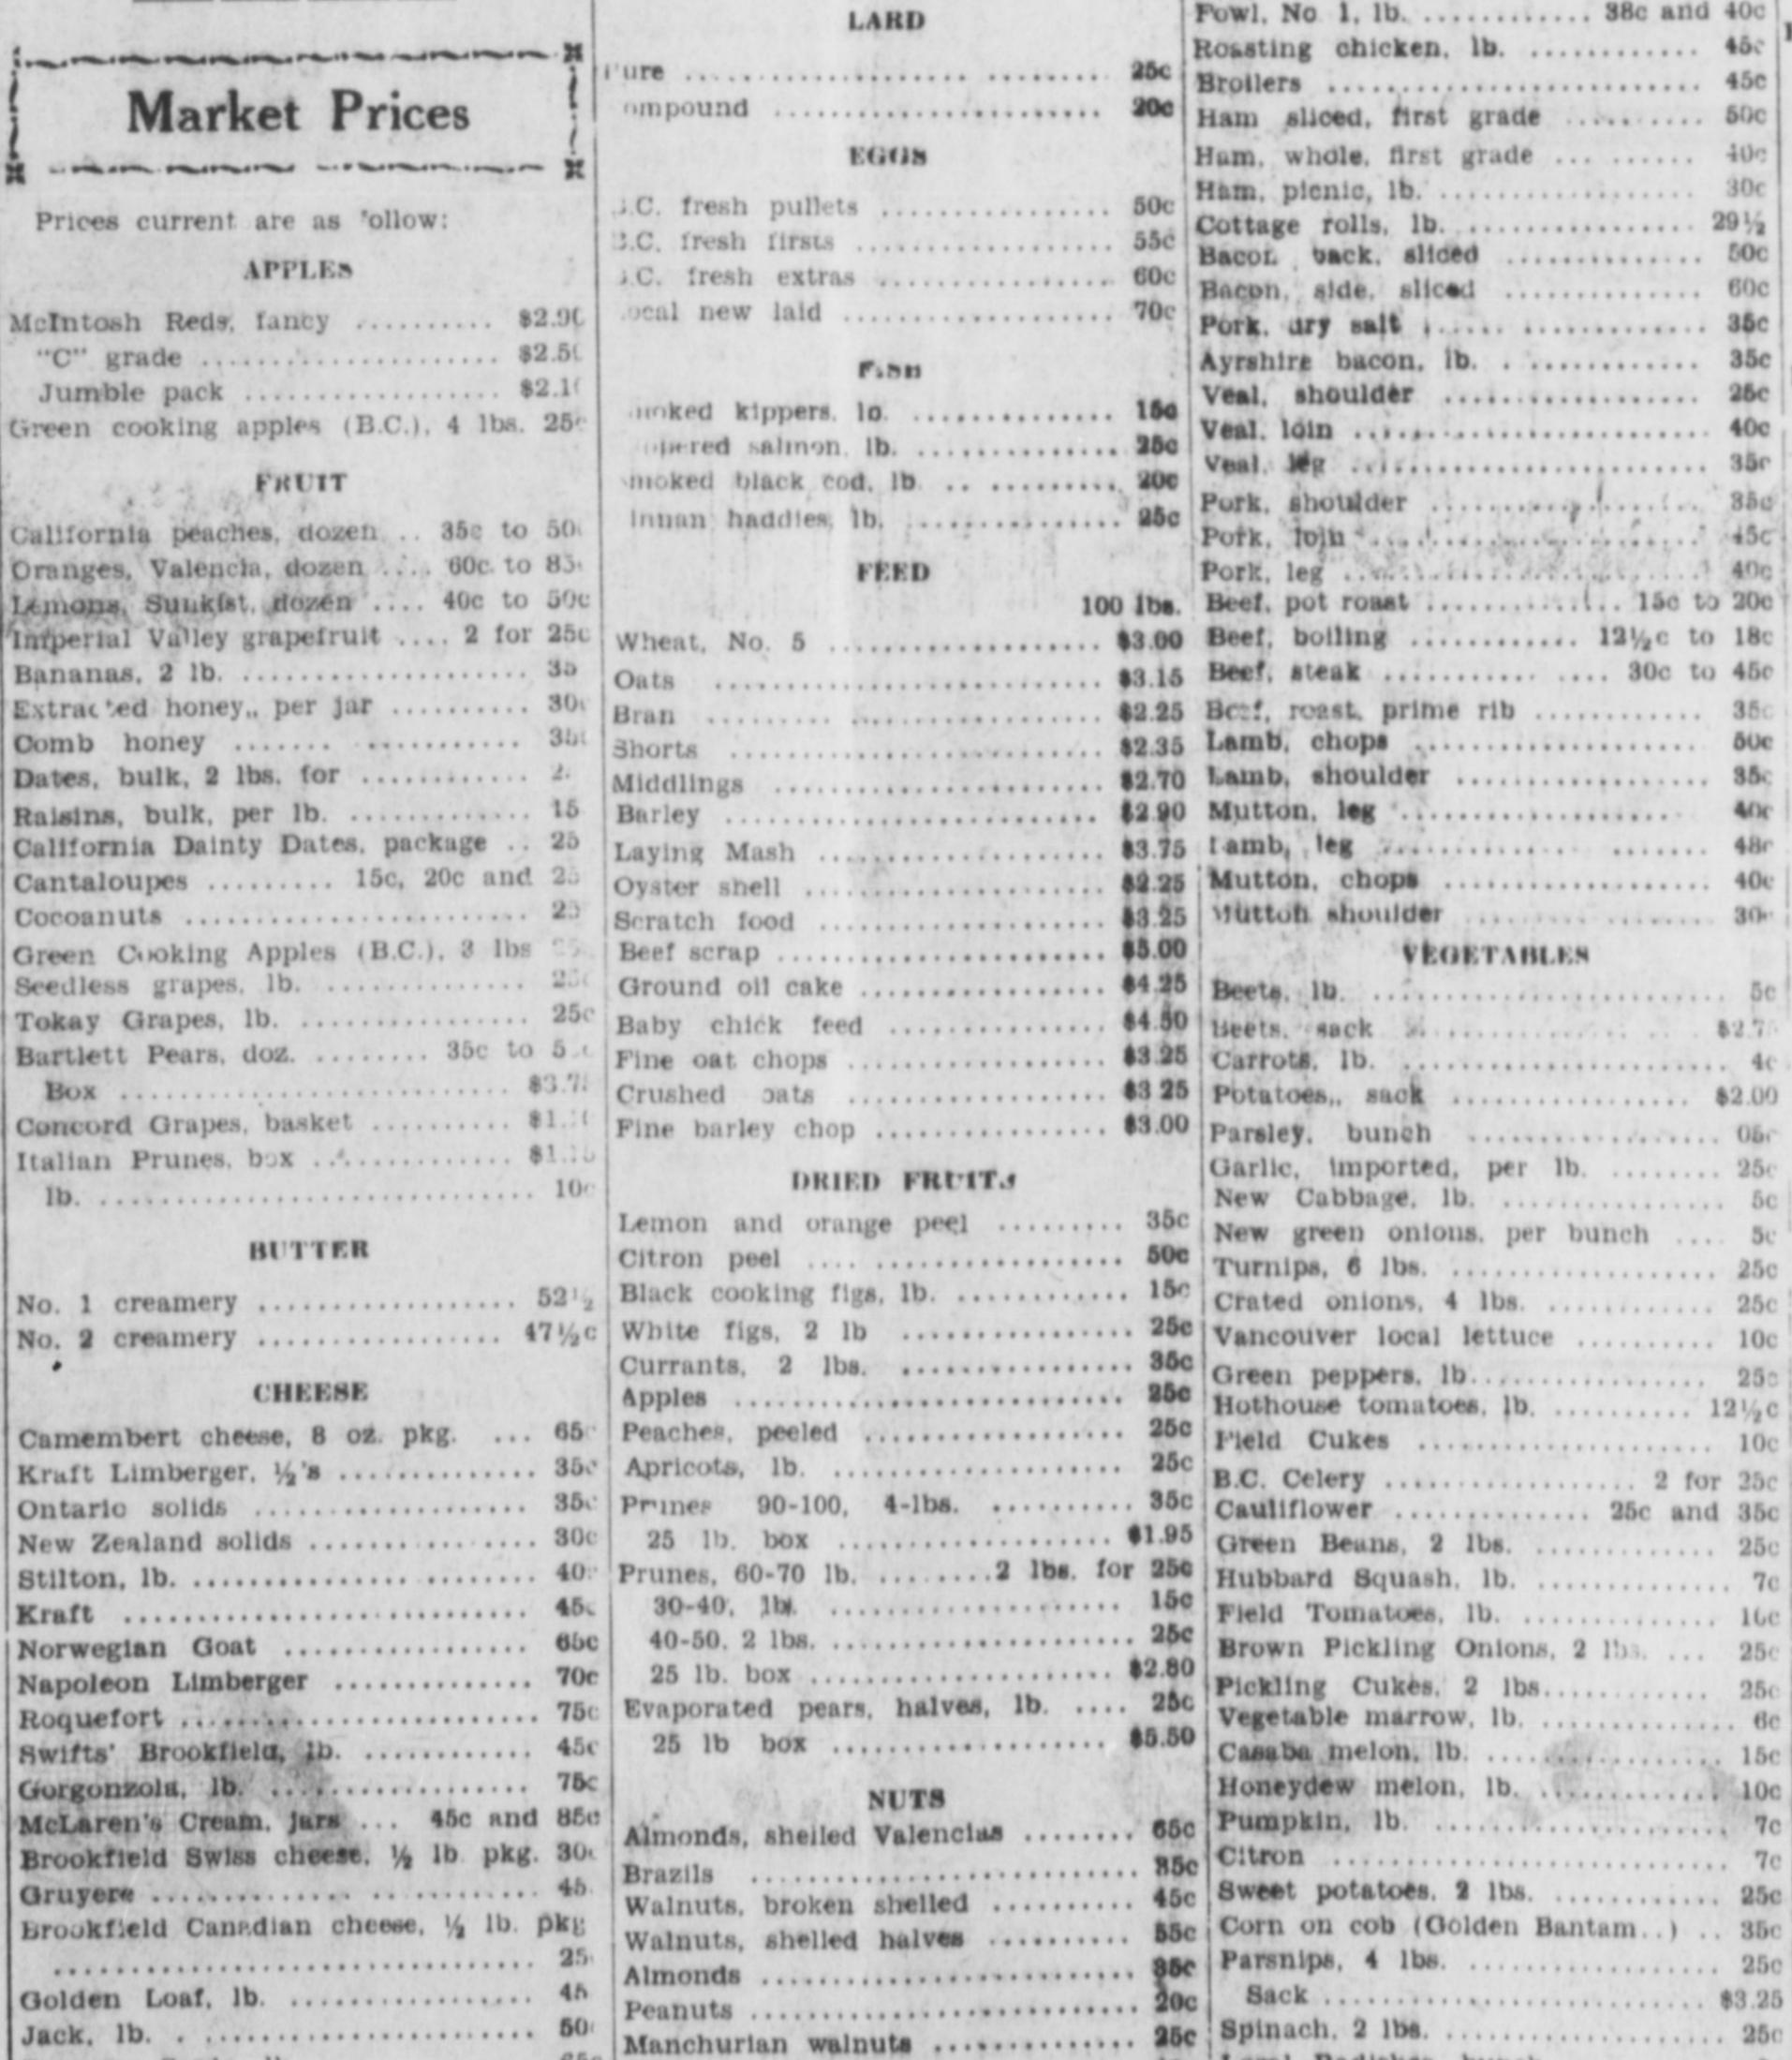

THE first milestone on the Road to Success is \$1,000 saved—after that the way is easy, for opportunities strew the path of the man with money in the Bank.

You may reach the first milestone on this Royal Road in four years, or sooner, according to your determination and your means.

Ask our Manager to show you the way
