Amelia Earhart Tells of Her Experiences in Crossing the Atlantic

ONDON, June 19 .- Amelia Earhart was too excited on the flight of the monoplane Friendship across the Atlantic to relieve Wilmer Stultz at the controls, she related in an interview the Daily Express obtained from her at Burryport, following her arrival from the transatlantic flight on the monoplane Friendship.

After telling of the difficulties of the start she said: "Once we were up, everything was all right." Relating the experience of the night, battling with fog and

rain, the lady aviator said: "I shall never forget the coming of *mcrning and daylight after the long hours of flying without knowing for a CAR SHORTAGE, moment how far we were." She said she was never frightened for a single minute and would do the flight again tomorrow with the greatest confidence. NO FISH SOLD

Hon. A. M. Manson is Nominated in Omineca and Looks Like Easy Winner in That Constituency

ANDERHOOF, June 19 .- "It looks like an easy win for Hon. A. M. Manson," was the independent comment of a Vanderhoof man in regard to the situation in Omineca following the nomination of the Attorney General here last night at the regularly called nominating convention.

Mr. Manson's name was the only one mentioned at the convention and he received an ovation and was also cheered to the echo at the mass meeting which was held later. Premier MacLean was there and it was a regular Liberal rally.

The candidate found a few tangles in the constituency to be straightened out but this was not a difficult matter and it looks as if victory is assured. Arthur Shelton of Wister a who is opposing the minister is well known in the Lakes country but he is not the man to oust an orator and campaigner of the calibre of the Attorney General.
