Boatbuilding Prospects for Winter - B.C. Packers Breaking Into Halibut Businesss-Good Coho Run in Skidegate Inlet

While it is not expected that it will reach the volume of some previous years and orders to date are rather slow with very few plans definitely decided upon as yet, prospects are that there may again be considerable fish boat building activity around Prince Rupert during the coming winter. The halibut men are still busy 1926. If the American total can fishing and, while certain of them are reported to have more or less definite projects in mind, none, if any, of them have finally decided six weeks before the season yet what they shall do in the way of new craft.
