NEWS OF NORTHERN B.C.

STEWART

Stan Alton has returned from a trip south and has resumed his duties at the Premier mine.

Stewart stores made a great Christmas display which would have done credit to a place many times this size.

Johnny MacDonald, superintendent at the Big Mike mine, has gone south for a vacation and Harry Wilkinson is relieving during his absence.

Miss Cherrie Campbell is home from Prince Rupert to spend Christmas and New Years with her parents, Mr. and Mrs. Jack Campbell.

The annual Chistmas concert of the Stewart public school was held last Friday evening. A dance followed.

Some damage to floor and walls was done last week when fire broke out in rooms above Charles Adam's garage. Clothes were also lost and a little stock of the garage.

J. W. Betts of Premier left last week for the south on a holiday trip.

As in the rest of the district, this winter is proving to be very mild in Stewart. There is little snow and cars are still running.

P. S. Jack, H. P. Gibson and Howard Campbell have been recommended by the Stewart Board of Trade for the office of commissioners in the event of this place being incorporated.

The matter of a road from Stewart to Telegraph Creek has been placed in the hands of a committee consisting of G. W. Smith and D. J. McLean by the Stewart Board of Trade.

Tommy Whiteley left last week for Vancouver on a vacation trip.

VANDERHOOF

Mrs. R. M. Patterson has returned home after visiting with her parents north of Edmonton since the first of September.

A Stuart Lake Indian arrived here off his trap line last week with a broken arm which was treated by Dr. W. Ross Stone.

R. McC. Richards was the first Vanderhoof citizen to get his 1929 automobile license.

Bishop G. A. Rix will be in Vanderhoof on January 13 to conduct confirmation service. He will be accompanied by Rev. L. J. Hales of Smithers.

ALICE ARM

C. V. Brennan left last week for the south after having made an examination of the Toric mine for the Brittania Mining & Smelting Co. He expects to return to Alice Arm late next month. H. T. Airey has been left in charge of the company's operations on the property.

S. Briggs left last week for Vancouver to spend Christmas and New Year holidays visiting with relatives.

Mrs. Craig of Camp Eight spent a few days in town last week, the guest of Mrs. J. Wier. Mrs. Hebden, also of Camp Eight, left last week for Vancouver on a vacation trip.

Miss Alice Kergin and Ted Kergin are home from High School at Anyox to spend the Christmas and New Year holidays with their parents, Mr. and Mrs. H. F. Kergin.

The annual Christmas Tree entertainment by Alice Arm school children was held last Friday evening in the school house with a large audience in attendance.

A little slush is the only reminder of winter in Alice Arm. Autos and wagons are still the means of locomotion.

THEY KNEW

"Now, in getting a meal what is the first and most important thing?" asked the cooking-school teacher.

"Find the can-opener," shouted thirty girls with one voice.—Cincinatti Enquirer.

COTSWORTH HAS HIS CALENDAR AT WASHINGTON

Proposal for President to Negotiate With Nations of World for Change

WASHINGTON, D.C., Dec. 26.—A 13-month calendar and a fixed date for Easter are proposed in a resolution presented in the house of representatives of the United States by Stephen G. Porter of Pennsylvania. The movement was begun years ago by Moses B. Cotsworth of Vancouver, B.C. and the plain as proposed is practically the same as that which Mr. Cotsworth has been recommending in many different countries. The proposal to simplify the calendar has the support of several government departments down here, notably agriculture and labor, and of many associations and private citizens.

After setting forth the disadvantages of the present calendar through its lack of fixity, the resolution asks the president to propose, on behalf of the United States, to the nations of the world the calling of an international conference for the simplification of the calendar or to accept an invitation on behalf of the United States to participate in such a conference upon the proposal of some other nation or group of nations.

BIG GATHERING AT SALVATION ARMY CHRISTMAS PARTY

There was a big gathering at the Salvation Army Christmas tree last night at the citadel, something like 70 sittink down to supper together and afterward enjoying games and indoor sports. They had a merry time and the big thing, of course, was the unloading of the Christmas tree. Each child was given a sack of candies, nuts and fruit. Adjutant Kerr was in general charge, the workers including Captain Anderson, Mrs. Kerr, George Almond, Johnnie Pierce, Evelyn Pierce, Edith Leek and Mr. Moore. There was plenty of music and all had a good time.

A Daily News want-ad will bring results.

Woman Praises Lydia E. Pinkham's Vegetable Compound

Sarnia, Ont.—"I am willing to answer letters from other women, to tell them the wonderful good Lydia E. Pinkham's Vegetable Compound did me. I cannot be thankful enough for the benefits I received during the Change of Life. I do housework and my troubles made me unfit to work. A friend advised me to try the Vegetable Compound. I felt great relief at once, began to regain my appetite, and my nerves got better. I will recommend your medicine to all with troubles like I had."—MRS. JOHN BENSON, 162 N. Christina St., Sarnia, Ontario.

MY KITCHEN NOTEBOOK
by Mary Blake
Domestic Science Counselor

My Secret for Finer-Textured Cakes

I must confess that I haven't always been successful in the making of cake. I suspect that I possessed more zeal than skill—thoroughness rather than deftness. But when I learned to exercise my beating proclivities at the start in the creaming together of butter and sugar, and to exhibit restraint at the finish by stirring only a moment after the final ingredients were added, my cakes improved.

But the greatest improvement I have ever made in cakes has been through the use of Carnation Milk. Besides being evaporated to double richness and sterilized for safekeeping, it is "homogenized," the cream content broken up into minute particles and distributed throughout every drop. As a result, cakes are not only rich with this uniformly distributed, double share of cream, but because of the fineness of the particles the texture is exceptionally smooth, fragile and fine.

Carnation gives similar results in all cookery, a creamy smoothness to sauces, candies and ice cream, a richness to soups, and a delicate texture to puddings, cakes and waffles that even the best of bottled milk cannot equal. Try this convenient, economical and dependable form of milk—it s just pure *whole* milk with about half the natural water removed and nothing added.

Write for the free Carnation Cook Book—"My Hundred Favorite Recipes." Address Carnation Milk Products Co., Limited, 134 Abbott Street, Vancouver, B.C.

Carnation Date Cake

¼ cup shortening, ¾ cup sugar, 1 egg, 3 tbsp. Carnation Milk with enough water to make ½ cup liquid, 1½ cups pastry flour, 3 tsp. baking powder, pinch of salt, 1 tsp. cinnamon, ½ tsp. vanilla, ½ cup chopped dates, ½ cup broken nut meats. Cream shortening; add sugar gradually and continue creaming; add beaten egg and beat mixture hard until it becomes a very light color and creamy. Add ½ cup flour and stir until well mixed. Measure flour after sifting once. Dredge nuts and dates with a little of the flour and add to mixture. Last, sift in rest of flour, baking powder, salt and cinnamon; add diluted milk and flavoring all at once; stir vigorously for 1½ minutes.

Pour batter immediately into pan which has been oiled and dusted with thin film of flour. Place in 300°F. (slow) oven for first 10 minutes, then elevate to 375°F. (moderate). Bake about 45 minutes. When done it shrinks from sides of pan and springs up when pressed with finger.

Remove from the pan, cool and ice with Carnation Icing.

Carnation Icing

1¼ cups confectioners' sugar, 1 tbsp. butter, 2 tbsp. Carnation Milk, ½ tsp. vanilla. Cream butter and sifted sugar, add Carnation and vanilla. Beat thoroughly and spread on cake.

It Makes Better Cake

Produced in Canada

THE perfect cake is the cake of perfect texture. And the way to get perfect texture is to use Carnation—the double-rich milk with the cream evenly shared by every drop. Adds wonderful smoothness and flavor to all cooking.
