WELCOME TO DR. TOLMIE

We are glad to help welcome Dr. Tolmie once more to tell us what his party is prepared to do if by any mad freak of chance they should be returned to power after the election. We want to know all about it. The people of this province must be informed of the issues and the best possible way of having them placed before the electors is through the leader of the party. He is the man we shall look to as the mouthpiece of Conservatives.

We urged local people to hear Premier MacLean and we also urge them now to hear Dr. Tolmie. Both are able men and can express themselves. The meeting is tonight and it is an opportunity not to be missed.

ANTI-PROHIBITION CAMPAIGN

It looks as if the presidential campaign was to be run along anti-prohibition lines. Al. Smith, the Republican candidate, is openly in favor of a change and one of his supporters spoke in favor of it yesterday. This raises a real issue in the United States and if the candidates continue along those lines it will be a real peppy contest. It will be watched by Canadians with a great deal of interest.

KEEP AN OPEN MIND

Referring once again to the proposed power situation here, we suggest that Prince Rupert people would do well to keep an open mind in regard to it until the details are forthcoming. Some few extremists would give away anything we have, not counting the cost. Others would not sell at any price, giving as their reason that, if it is good enough for someone else it is good enough for us. Both these groups are wrong. Let us wait patiently the outcome, remembering that in the final analysis it has to be voted upon by the ratepayers of the city. They are the arbiters and the people who do not pay rates have no say in the matter.

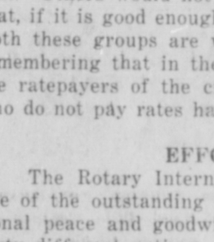

EFFORT TOWARD PEACE

The Rotary International convention is about concluded and one of the outstanding themes discussed has been that of international peace and goodwill. Men were gathered there from over forty different nations and the clubs in all those nations have international goodwill as one of the outstanding sections of their constitution.

Rotary is not the only international movement but it is a powerful one. In these days when men and women are thinking big thoughts and when world changes are taking place, it is getting appreciably near the time when we shall be able to plan for the United States of the world with the nations as states or their equivalent.

WAR ON DISEASE

There are enough common enemies for countries to fight against without having to fight among themselves. One of these enemies is disease. War on tuberculosis has been going on for many years. Now we have turned our attention to cancer and many other diseases which have become prevalent owing to our modern mode of life or for other reasons. Scientists are spending their lives investigating the cause for disease and other facts concerning it and the time should come when we can easily extend the span of human life ten to twenty or more years. Add to that the adoption of a better mental attitude with less friction among individuals and the possibilities are enormous.

FIRST YACHT OF SEASON IN PORT

PALATIAL POWER CRUISER RUTH E. WITH SEATTLE LUMBERMAN ON BOARD HERE OVERNIGHT

First yacht from the south to visit Prince Rupert this season, the palatial power cruiser Ruth E. was in port Wednesday, having on board her owner, C. Lushua, wealthy Seattle lumber man, who is on a cruise to Alaskan waters. The commodicus and well appointed vessel arrived in port about 5:30 that evening from Alert Bay and tied up at the floats of the Prince Rupert Yacht & Rowing Club, proceeding north at 9 o'clock yesterday morning.

The Ruth E. is but the first of a larger number than ever of Pacific Coast yachts which it is expected will visit Prince Rupert during the coming summer. The capital-tc-capital yacht race from Olympia, Washington, to Juneau, Alaska, next month it is expected will bring many fine vessels to Prince Rupert, which is scheduled as a stopping-off place for the race.

AFGHANISTAN ADDRESS WAS VERY INTERESTING

Rev. A. W. Robinson, Assisted by Persons in Costume in Giving Address at Diocesan Women's Auxiliary

The address yesterday afternoon by Rev. A. W. Robinson of Terrace descriptive of the Afghanistan country and its customs proved one of the most interesting features of the annual meeting of the diocesan Anglican Women's Auxiliary. Mr. Robinson had worked for several years in that remote land north of India as a missionary and was thus able to describe it at first hand in a manner which was fully appreciated by his listeners.

Mr. Robinson was assisted in his descriptions by Mrs. E. W. Tucker, in the costume of a Moslem woman; Miss Winnie Tucker, as a Cathan man, and little Teddy Mills as an Indian boy. A number of interesting Afghan and Hindu relics were also exhibited.

HEALS ECZEMA IN 7 DAYS OR LESS

Here is a surgeon's wonderful prescription now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used.

Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abscesses and ulcers that are discharging are almost immediately relieved and cleanly healed.

In skin diseases its action is little less than magical. The itching of eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of barber's itch, salt rheum and other irritating and unsightly skin troubles.

You can obtain Moone's Emerald Oil in the original bottle at any modern drug store. It is safe to use and failure in any of the ailments noted above is next to impossible. Druggists can supply you at any time.

NOVEL PROGRAM AT ROTARY LUNCHEON AND ABALONE MENU

At the Rotary Club luncheon yesterday afternoon the program took the form of a miniature convention those taking part being George Rorie, Wallace Orchard, D. C. Patterson, Sid Johnston, T. H. Johnston, and John Dybhavn.

The club was entertained to a dinner of abalones brought in from Zayas Island.

MESSAGE OF SYMPATHY COL. AND MRS. NICHOLLS SENT BY ROTARY CLUB

At the Rotary Club yesterday President George Rorie spoke of the bereavement which had come to the president, Lieut. Col. J. W. Nicholls in the loss of their younger child. Mr. Nicholls was still in the hospital at the time, slowly recovering from an illness.

A message of sympathy was sent to Col. and Mrs. Nicholls on behalf of all the members of the club.

"SPRING FEVER" A LONG LAUGH

"Spring Fever" showing here tonght and tomorrow is one long, loud laugh. It starts when Haines, as the shipping clerk, is discovered by the boss to be a golf expert. It grins through his trials and tribulations when the boss takes him to the country club, introduces him as a young millionaire, and proceeds to boost him as a coming champion. Cupid takes a hand and so does a rival for the lady of his choice. Then things happen—and how!

STAR'S BEST FILM

The plot is startlingly original, and time-honored methods of gaining laughs are conspicuous by their absence. They don't seem to be needed with Haines. The things he did in "Brown of Harvard" and "Slide, Kelly, Slide," indicate this—but in the new picture he goes them all one better.

Man in the Moon

The man who criticizes the things I like is a knocker. He who criticizes what I dislike is an earnest advocate of better things.

The insurance companies are not often right. One of the hazardous occupations they do not recognize is that of being a husband.

Some people think the millenium will come through the Legislature but it won't.

You can tell a pessimist by his appearance just as you can tell mail order clothes. The wise person avoids both.

I once kenw a proof reader so clever he could tell if a period was upside down. I'll suggest to the editor that he get one of that kind.

You can tell a good housekeeper by the condition of the bath tub.

Do you remember the time, folks, when one of the dangers of crossing a street was that of possibly being knocked down by a bicycle.

Half and half coffee is the kind that is half in the cup and half in the saucer.

The first commandment is "Do something and do it well" on these hang all the law and the prophets and modern civilization.

The people with solemn faces are sore with themselves for having nothing to think about.

People are queer. If they are invited to the wedding they kick about buying the wedding present and if they are not invited they feel slighted.

He thought it great to wed a "peach,"
But a mistake he made;
He found in helping him succeed,
She gave him "lemon" aid.

"I wonder where all the flies come from," grumbled Mrs. Jones as she swatted in the dining room. "Well, mom," replied the young joker of the family, "the cyclone makes the house fly; the blacksmith makes the fire fly; the jockey makes the horse fly; and I heard you tell pa last night that us children made the butter fly."

FORMER LOCAL HOTEL MAN TO BE MARRIED IN MONTREAL SOON

Local friends of the groom are in receipt of invitations to attend the wedding on the evening of June 25 at St. Nicholas Church, Vitre Street East, Montreal, of Miss Salwa Aboud, daughter of Mr. and Mrs. Chaheen Aboud, to Salim Chantous (Sam Antous), son of Nicholas Chantous. The couple will take up residence at 360 Wiseman Avenue, Montreal, and will be at home on July 10 at 2115 Mount Royal East. The groom-elect, better known as Sam Antous, lived in Prince Rupert for several years and for a long time was a member of the staff of the Prince Rupert Hotel.

POSSIBILITIES SEEN OF DANGER IN REGARD TO LAND SETTLEMENT

SEATTLE, June 22—Two British commonwealths, Australia and New Zealand, today face the serious problem of holding their large areas of thinly inhabited yet fertile land for white settlement alone, under the very eyes of teeming millions of Asia, most of who are struggling on the verge of subsistence, Dr. John MacKay, of Winnipeg, world trader and president of Manitoba College, explained to 6000 Kiwanians attending their international convention here.

"Both countries are facing the problems bravely," he said, "but one can hardly fail to wonder whether or not the pressure of want in Asia may not become so great as to make it impossible to hold these lands for purely white settlement alone. Whatever the solution, the immediate future offers dangerous possibilities."

YOUNG PEOPLE OF UNITED CHURCH ON PICNIC YESTERDAY

Some sixteen or eighteen members of the Young People's Society of First United Church enjoyed a picnic to the Salt Lake last evening, it being the concluding event of an interesting and successful program of functions which the society had been holding during the winter months. The gasboat Sunbeam Jr., belonging to the pastor, Rev. A. Wilson, was used to transport the picnickers across the harbor. Swimming, a beach fire, refreshments and games were indulged in there and the party returned home by 10 o'clock.
