

The Truth-

NO LYE

You'll find no lye bottle under our apron when we do your family washing. We use only sudsy soap and rainsoft water to wash clothes clean. We don't rub your clothes threadbare, either. Just swish suds and water through every fabric pore. Our method makes clothes last longer. Makes 'em cleaner, too. Just let us do a trial job—then you'll see!

BANQUET GIVEN Q.C. ISLANDS

FATHER AND SON AND MOTHER AND DAUGHTER AFFAIR PROVES TO BE OUTSTANDING EVENT

SKIDEGATE, May 18.—At Queen Charlotte City a father and son and mother and daughter banquet proved to be one of the most successful events of the year. It was planned and carried out under the supervision of Rev. and Mrs. R. Scott of the United Church Marine Mission and the launch Thomas Crosby was used in bringing the visitors from neighboring points. The success was due largely to the activity of the missionary and his wife who received the visitors with cordiality and were the life of the event.

Among those present were J. Barge, H. Fairbairn, C. Miller, C. H. Bevin, E. C. Stevens, Rev. H. Matthews, G. Turner, A. C. Pallant, J. Kitson and Capt. Oliver, each having his son with him. The mothers who had daughters present were Mrs. H. Fairbairn, Mrs. Scott, Mrs. J. F. Barge, Mrs. G. Ede, Mrs. J. Gillespie, Mrs. Moon and Mrs. J. Karkie. Prominent among the visitors was Colonel Rider, former American Consul at Vancouver, who gave an impressive address regarding the friendly relations between Canada and the United States. There were toasts to the King; to

Around The World With Sport Fans

Paul Heydrick, one man track team, from Potomac State School of Keyser, W. Va., set a record for individual scoring at the Penn State interscolastic track meet on Saturday with 33 points. The mountaineer boy took first places in the high jump, broad jump, pole vault, hammer throw, discus and javelin events. He also finished second in the shot-put. Heydrick's toss of 130 feet 2¼ inches in the discus throw broke the old meet record by four inches. Fourteen schools figured in the final scoring.

Toronto is only one of several cities bidding for the services of Jack Delaney, Canadian light-heavyweight, whose sortie into the ranks of the heavies has convinced him that light-heavyweights are his dish. Delaney is now looking forward to a rest of some weeks at his camp in Maine, followed by a training campaign which will fit him for several battles. Dick Dunn, manager and matchmaker of the Detroit hockey rink, has offered the Canuck a bout with Jim Slattery of Buffalo. Philadelphia promoters would send Delaney against Tommy Loughran in the Sesquicentennial Stadium. This would afford the Quebec man an opportunity of regaining his light-heavyweight crown. The Toronto bout would put him in with Larry Gains. St. Louis offers a bout with "Chuck" Wiggins, and San Francisco sends in a bid.

Who will start the soft ball game in Prince Rupert? This seems to be the very place where it should be played. If it takes less space than baseball, it might not be difficult to locate grounds in different parts of the city, particularly near the Marine Hall on Sixth Avenue where the city has four corners that could be used. If we are to be up to date all the sports should be played and this would appeal to those who possibly cannot join in many of the others.

Many local people are still looking forward to the coming Derby at Epsom when they hope their favorite horse to win. Among the entries Black Watch is said to be touched in the wind and is one of the doubtful quantities; Ranjit Singh is said to be a good stayer but he is not looked upon as exactly a "classic" colt. But is not by any means a sure thing that the favorites, Falway and Bulapud, will win. Outsiders usually take quite a lot of the money.

A Reichwehr soldier named Hirschfeld put the shot at Breslau Monday during the training for the Olympics a distance of 51 feet 9 5/8 inches, making a new world's record. Whether this mark will stand inspection it is not known, since the conditions under which the record was made are not stated. However, Hirschfeld has shown extraordinary ability in recent tests, and on several occasions approached closely the record mark. He is looked upon as one of the surest bets in the German Olympic team, and is counted on to bring home first place at snout-pitting.

Charles Murray Buchan, who is retiring from active football, was born at Plumstead in 1891, and entered senior football while still a pupil at the Woolwich Polytechnic Secondary School. The tales of his prowess in those early days make his development into one of the finest forwards in modern football only a logical sequence. He assisted the Arsenal while still at school and, after playing in the Kent league, became a professional at the invitation of Leyton. In 1911, before he was 19, he signed on for Sunderland, with which club he remained for 14 seasons. Before coming south again as captain of the Arsenal in 1925, he had scored over 200 goals, while the number he has inspired in other forwards is legion. To see this tall, angular figure dribble the ball down the field has become one of the chief delights of the game.

Buchan has played in four internationals, and last year led the Arsenal in the Cup Final, his first appearance in the final having been for Sunderland at the Crystal Palace in 1913. His ability as a strategist is equalled only by his powers as a team builder, and it is in him that Arsenal have found the lever to lift them out of the dangerous position in which they found themselves three years ago.
