### Price of Daily News Cut to 50 Cents a Month When Delivered in Prince Rupert

Commencing with the beginning of 1928 the price of the Daily News is as follows:

Delivered in Prince Rupert, 50c a month in advance, or \$5.00 a year. Out-of-town in Northern or Central B.C., \$3.00 a year or

four months for \$1.00. Other Canadian or U.S. points, \$6.00 a year.

The only way to keep in touch with the North is to read a northern paper.

Pouliot, (Tomiscouta) "The be delayed in order to give him a lifth day of March next the undersigned says it is substituting for the increment tax is not very definitely correspondent of this publication" chance to submit a better figure. This intends to apply to the Liquor Control indicated, and it is to be hoped that changes being made will not aid Mr. Poullot, "naming a prominent might not be just the proper thing to Board for a licence in respect to prerepresent an increment tax in disguise.

A vigorous policy of road construction is indicated by the loan bill of \$4,600,000 announced, and clearly this is a case of moving in the right direction. The public will hope that it is the intention to King's English? spend the money on right lines and without the waste that has characterized much of this government's road construction, as in the Cariboo Highway case.

Speaking as premier rather than finance minister, Dr. MacLean made a most welcome announcement when he indicated that the absentee vote was being abandoned by the government. This, of was course, has been foreshadowed in the legislative reports published in The Daily News, Liberals for the first time joining the Conservatives in criticising that wretched electoral device.

### PLANTING TREES ON BOULEVARDS

Suggestions are often made here that this city should fall in line with other places in regard to planting trees on the boulevards. Just now we have no boulevards and it will probably be some time before these are laid out. Even then it is doubtful if ordinary trees would be an advantage.

We want all the sunshine we can get here so that any tree mind over patter. planting should be done in such a manner as not to interfere with this. Possibly low evergreen shrubs would be the best. It is useless to try to follow other cities. We should try to show some in- politicians who have an inferiority which it was laid and the care that dividuality, beautifying our own city in our own way. Whenever complex in regard to Canada probably was taken of it. possible native shrubs might be used in preference to imported.

Possibly the first thing to do is to get the gardens cultivated at that? and the boulevards levelled off. City property should certainly set HE bought a little mining stock an example to the rest of the community instead of being untidy as it usually is.

That the community is awakening to the desirability of some action is quite evident and already new work is being planned and He was not satisfied so he undertaken which should have a good effect on the appearance of the city .
