The purpose of the tour was to become more con- known, its extent is so great that it must be years versant with western conditions and problems—and before the available land is all taken up. Our party more particularly to visit The Peace River country, took every advantage of the opportunities offered to most of the party never baving been there before.

The party returned east with optimistic views regarding the entire country visited.

"I have never seen the country looking better at every appearance of prosperity. In town and country harvest time," said Mr. Beatty on his return, "and in alike we met with a cordial welcome and I think our all my experience I have not previously found so gen- visit was taken as a friendly gesture of interest on the eral a feeling of complete confidence in this country part of the East towards the new, far Northwest. We and its possibilities as was observed in the cities and districts where we made stops and had an opportunity of talking things over with their representative citizens. More than ever am I impressed with the potentialities of Canada's north land. I think it almost not too much to say that Canada's future lies to the north and that the opportunities already discernible there are a challenge to the oncoming youth of the older parts of the country. parts of the country.

"We had an excellent opportunity of learning this," that we shall very shortly be able to go to work on said Mr. Beatty, "during our visit to the Peace River | the task of putting the E.D. & B.C.
