WHEN you hire us to do the family washing, you are not put to the expense or bother of feeding us. We eat nothing! Neither do we ask you to pay our carfare. Instead we call for and deliver your washing. We buy our own soap, starch and bluing. Heat our own softened water. Use our own electricity, too. There's no "pickingup" after us. We take all the messy work out of your home, giving you an extra day to do the things you like to do! Yet you'll find our charges most reasonable - considerably less than it would cost you to do the same work at home. Try us, and see!

SALMON EGGS FROM NEW BRUNSWICK FOR FISHERIES DEPARTMENT

Consignment Now on Way to Coast from Atlantic Coast

WINNIPEG, March 3.-In charge of special messengers of the Canadian National Express, one million Atlantic salmon eggs passed through Winnipeg last night on the Continental Limited bound for Vancouver.

They are from the government fish hatcheries at South Esk, New Brunswick, and are consigned to Major Motherwell of the fisheries department at Vancouver. The eggs are continued in seven special boxes and are being handled with the greatest care. At Montreal they were watered and they will be rewatered at Edmonton, under the supervision of the inspector of

fisheries there. For the past four or five years the Canadian National Express has handled this valuable and delicate shipment and they have always arrived at their destination in excellent condition. The viligance of their "nurses" never lessens until they are safely delivered. Enroute they are inspected by qualified officers of the fisheries department.
