DRUNKEN BRAWL Fred Thorpe, machine miner was one of the party which visited Havard's place that night. Eight of them went to Rivard's about midnight, were treat_ ed by Rivard to drinks and then went away and came back to Rivard's about 2.15. Rivard "set up" the drinks again. Rivard appeared to be perfectly sober although the rest of the party had had some six or seven drinks and some of them were showing the effects. It seemed that Rivard took exception to O'Donnell and said he was going to put him out. O'Donnell started for Rivard and one of them held him back. There was a general melee and O'Donnell went to the floor. Accused then seemed to get very excited and said: "I will put the whole bunch of you out." Then he went out and came back with a rifle, Meantime, witness and O'Donnell were going down the steps and they met When they had got further down the 25 stairs, Rivard almed the rifle at O'Dono nell who said: "If you do that, Henri, you will be sorry." He had not wanted to stay at Rivard's but wanted to get out. Witness said he was outside the place when he heard the shot.

Donald Hugh McLeod stated that he was with the party which visited Rivard's at 2.15 a.m. He had been drinking but he was not drunk. He told of Rivard coming out with the gun stating "I am the boss of this house." When "Boston" (Thorpe) and Paddy were going down the stairs, accused put the gun to his shoulder and he, witness. heard it click. Then Rivard went back to his room with the gun. Later, wit_ ness swore, while he was in another room, smoking a cigarette, he heard the gun go off. He went to the door and saw Bill Ritchie stretched on the floor. Henri was in the hallway but there was no rifle in his hands. Witness and Ed. Casey examined the body. Rivard inquired, "Is he dead?" Ed. Casey replied: "Yes, he is shot through the heart."
