A FLAVOUR CHILDREN LOVE

Its balanced nutriment always satisfies

HOW difficult it is sometimes to get children to eat a breakfast that is good for them. They skimp the morning meal unless it is extra enticing. All mothers know this.

The nutlike flavour of Quick Quaker never fails to arouse children's appetites. Its balanced nutriment always satisfies.

Quick Quaker sustains all through the forenoon during which 70% of the day's school work comes. Its 16% protein builds and repairs tissue. Its 65% carbohydrates supplies energy. Its minerals make sound bone and strong teeth. Bulk aids digestion. Necessary vitamines help assimilation of other food.

Children—and grown-ups too—get most bodily vigor and mental alertness from Quick Quaker, because of its proper proportions of the nutrition elements.

Be sure to ask your grocer for Quick Quaker. You will know it by the picture of the Quaker. Packages contain coupons with which you can secure silverware and other household and personal articles you need. Fastest cooking cereal—cooks in 2½ to 5 minutes, according to your taste. Big, family package, and small 10 cent size, both wrapped and sealed.

Get Dainty China

In each package of Quick Quaker, marked "Chinaware", is a piece of fine china, prettily decorated in blue and gold. It's fun to open a package and find a cup, a saucer, a plate or bowl. All lovely things, beautifully designed.
