

Every dress, whether for evening or afternoon wear, is reduced. We cannot specify every one, but the reductions are worth considering.

# Pre-Inventory Sale

TO THE PUBLIC: On December 1st I Received the Following

Mr. Joe A. Allan, 1765 Granville St., Vancouver, B. C.  
Find it necessary start big pre-inventory sale December 15th, closing gents' furnishing and boys' department. Can you handle it?  
Wire reply collect. (Signed) JABOUR BROS.

I wired back as follows:  
December bad month for sales. Will handle sale providing given free hand in slashing of prices. Unless extra good values at unheard of prices are offered at this time of the year, no use to hold sale. Stop. Must return Vancouver on December 15th.  
All conditions were accepted, and I promise you, folks, that this pre-inventory sale will create furor in town and just before the holidays when savings are most appreciated. Everything is new and everything is greatly reduced. I have had seven days to go over the stock and cut prices. Did not bother to look at cost. Profit is no object with me and cost is no obstacle. My orders are to reduce the stock and raise the cash. This is how this sale will be conducted. Values speak louder than words. Be here tomorrow morning at 9 a.m. sharp and share in the saving.
