## Around The World With Sport Fans

(By The Trump)

Racing men on Vancouver Island are all het up over the action of the Government in banning the use of the totalizator at the races there. Without betting the races could not be conducted and bookmaking is already banned. The machine used at Colwood and at the Willows is an Australian make. It is claimed that it does not work accurately, but the representatives of the company state that any inaccuracies are so slight as to be almost non-existent.

It looks as if there will be no professional hockey on the prairies this winter. Most of the players have been purchased for the Pacific Coast League or have gone east. After a few years the fans tire of watching the games and then the scene shifts, just as it moved east from the Pacific Coast a few years ago.

English cricketers seem to be doing well in Australia. Several of the men are hard hitters. A Gloucestershire player named Hammond who is with the team hits with reckless freedom, pulling balls across the wicket and astounding the experts with his cleverness in playing a most unorthodox game.

## BRIENZ WINNER OF DEWHURST STAKES AT NEWMARKET YESTERDAY

NEWMARKET, Nov. 2.—Somerville Tattersall's two year old Brienz won the Dewhurst Stakes over seven furlongs yesterday. A colt named Reef came second and Barbizon third.

## FACTORY INSPECTOR DISMISSED VANCOUVER

## CABINET HOLDS MEETING TODAY

OTTAWA, Nov. 2.—For the first time in more than two months Premier King was presiding at the meeting of the Cabinet Council today. An accumulation of vacancies remain to be filled; the Railway Board is minus its usual number of commissioners due to the retirement of Frank Oliver. The appointment of Donald McKenzie to the Bracken cabinet in Manitoba created a vacancy on the Tariff Board. The selection of a personnel of a radio commission for the Dominion is another matter which will have to engage the attention of the cabinet shortly.

## SPORT CHAT

The curtain will go up tonight on the Prince Rupert League Basketball season at the Exhibition Hall. Great efforts have been put forward to make a big success of the game this winter. This has now been rewarded with a full mead of public interest and a big crowd should ascend Acropolis Hill this evening to see the openers in all four divisions. It is generally reported that the talent has been divided up in such a manner as to provide for tight competition in all the leagues. In any case, the supporters of each team are very enthusiastic and all aggregations have their confident backers. The games tonight will be Native Sons of Canada vs Kincolith in the Senior League; C. N. R. vs Naval Reserve, in the Intermediate; Maple Leafs vs Girls' Drill Team in the Ladies, and High School vs Colts, in the Junior. Let 'er go!

The St. Andrew's Society has just about completed arrangements for its house carpet bowling tournaments this winter and play should soon be under way. Great interest is being taken by the members generally as a result of last winter's successful competitions. It is being endeavored to get as many members of the society as possible into this play and provision is also being made for an adequate number of reserve players so that men from one team will not have to go and help others as was the case last winter. The hall is now being put in readiness and the schedule will be issued in the course of the next few days.

## BLOOD CAUSES SUSPICION

### Winnipeg Woman Died Result of Lung Trouble But Injured on Face

WINNIPEG, Nov. 2.—Bleeding profusely from bruises on the face, Mrs. E. L. Henderson, wife of a well known stockyards commission merchant, was found dead at her home at St. Vital today.

The husband, who telephoned for assistance this morning, told the police he found nothing wrong when he came home last night. He said his wife was lying in bed seemingly asleep and he did not learn of her condition until this morning.

Mrs. Henderson was lying on the bed in her street clothes when a physician and neighbor arrived this morning. Bloodstains were found in the vicinity of the kitchen sink and blood-stained clothing was on the floor adjoining the bedroom.

The autopsy disclosed that death was due to edema of the lungs, the bruises and swelling of the face being caused by a fall some time during the night. No inquest will be held.

## WILL NOT TAKE WORD OF POLICE

### Magistrate Sets at Liberty Man Previously Convicted of Crime

VANCOUVER, Nov. 2.—Declaring he could not accept the evidence of Sergeant John Robertson, Magistrate Shaw today dismissed Ray Gilmore alias Slinn who was retried on the charge of breaking and entering the home of E. G. McNabb, First Avenue West last February. Gilmore had previously been convicted and sentenced to two years in jail but an appeal to the court gave new trial. It was Gilmore's allegations that he had worked under police directions that led to dismissal of Sergeant Robertson who was later reinstated by the board of police commissioners and is still in service.

## Vest Pocket Casualties

"I bet you," said my friend the dealer, "the cigar-smoking public of Canada loses a lot of money on broken cigars in a year—you know, vest pocket casualties." "Well," I said, "what are you going to do about it?" "They should be educated to buy their cigars '5 at a time' in pocket packs that protect, and in addition each cigar is individually foil-wrapped." "That's a good idea," I agreed. "I'll speak to my friends about it."

Marguerites are sold in pocket packs of 5 and in boxes of 25 and 50. Each cigar is individually foil-wrapped to keep in the original freshness and aroma. This is the cigar which "pays dividends". Save the bands and turn them in for valuable premiums.
