TERRACE, June 8.— The game Conservation Board in a letter in reply to a request has replied that it recommends the same regulations apply to each side of the river here. At its meeting this week the local

board of trade agreed to endorse a petition asking for some work to be done to the lake shore trail at Kalum Lake. Some publicity work will be attended to by the board and it was decided to revise the data for the Terrace publicity book, H. Halliwell and Fred Nash being delegated for this work. The contract

for the printing was let. The request from the fall fair association that the board undertake the collection of produce for the display at New Westminster fair was tabled until next meeting, the opinion being expressed that the Farmers' Institute should

do this. The board is writing the game board asking that three grizzlies be the legal bag instead of two and that in districts where they are a menace no protection be given them.

Liquid trebles,-deep, low fundamentals,these tones give Orthophonic Victrola music its beauty and color. So that today a public concert by famous artists and an Orthophonic Victrola performance by the same great artists,-are two things alike as twins,-and you need not stir from the lazy comfort of the fireside to hear the Orthophonic Victrola. It's really marvellous when you come to think of it. We moderns owe a tribute to the scientists who have contributed the rich

gift of "matched impedance" or "smooth flow of sound" to the Victrola. To Victor. was extended the privilege of developing this principle for your greater enjoyment.

As a result you may have beautiful, realistic music at home, and you may have it contained in graceful cabinets wrought in fine woods. Artistically designed models,-all equipped with a device which stops each record after playing. Electrical drive, if you wish,-at slight additional cost, eliminates winding. SPORT CHAT

There was quite a crowd of boxing ans at the Empress gym last evening watch Ray Clark of Bellingham, who will meet Alf Harding of Calgary in a ten-round bout here a week from Friday night at the Exhibition Hall, in lais first-workout. Clark has a nice looking action and, in the words of Charlie Brown, "O what a punch!" In the gymnasium, he looks like one of the prettiest fistic experts the city has seen in some time. Everything seems to point to the conclusion that the tough Harding is going to have plenty to occupy him on the evening of June 15. Harding himself is working out at the same place every afternoon at 4 o'clock. The boys will continue their training campaign up to the date of the fight, Harding in the afternoon and Clark in the evening at 6.30.
