## Backward Season SALE

The absence of Spring Weather this year has had its effect on the sale of Spring Wear and our sales for the last three months have not come up to our expectations. The result is we are overstocked. It is against the principles of this store to carry goods over from one season to another and the prices at this backward Season Sale are such that will enable us to maintain this principle. We can quote here only a few items of our big stock—but just look at the prices.

Not only do we want our friends and customers to benefit from this selling event—we want men—and women who shop for men and their families—who have never been inside our store to come and find out for themselves how sincerely we live up to every statement made in our advertisements.
