In Which We Mention What Used To Be a Disagreeable Subject

Mention Caster Oil to the average person and their thoughts fly back to that nauseating fluid that fond parents used to force down reluctant throats. And yet, despite its taste, Castor Oil was known as one of Nature's best laxatives. Was there any way to remove that taste? Could the Rexall Chemists product a tasteless Castor Oil? It was a real challenge. No one else had ever succeeded. Finally, however, after long experimentation the cause of the disagreeable taste was found-a way discovered to remove it and Rexall Castor Oil is now efficient but Tasteless. Is it any wonder that Ormes deem it a privilege to be Prince Rupert's Rexall Store.
