LABOR COUNCIL HOLDS MEETING

WAS VERY LARGE ATTENDANCE—VARIOUS MATTERS OF LOCAL INTEREST DISCUSSED AT GATHERING

There was a very large attendance of delegates at the regular monthly meeting of the Prince Rupert Trades & Labor Council which was held last night in Carpenters' Hall. President S. D. Macdonald occupied the chair and considerable business was taken up pertaining to the welfare of labor in the city.

Support was given a proposition from B. Clark of Chicago who is issuing a Union labor chart in this city.

No action was taken in regard to a letter from the International Bible Students' Association which sought co-operation in its fight against the ban placed upon it for radio broadcasting by the federal government. The communication was received and filed.

A letter from the Canadian branch of the League of Nations requesting co-operation in putting over a drive for membership was concurred in and the local council will give all the support possible to the campaign.

It was decided to meet with a request from the Dominion Labor Research Bureau for support. Membership will be taken in the organization for six months as an experiment.

A report was received from the Bakers' Union stating that all three bakeries in the city had recently signed up with the Union but that one was not living up to the agreement. The secretary will communicate with the particular shop in question and, unless the agreement is adhered to, it will be placed on the unfair list.

The Plumbers' Union reported success in a recent strike designed to force a wage scale of $9 per day.

The Carpenters' Union reported that negotiations were being successfully carried out with a view to having the local wage scale raised from $7 to $7.50 per day.

A committee was appointed to look into a case under the Workmen's Compensation Act arising out of a recent accident on one of the grain boats at the elevator.

The secretary was authorized to communicate with the management of the Big Bay Lumber Co.'s sawmill at Seal Cove requesting that as many white men as possible be employed in the plant.

THE LOUVRE'S ANNIVERSARY

BIRTHDAY SALE CEMENTING OLD FRIENDSHIPS AND MAKING MANY NEW ONES AT POPULAR SHOPPING CENTRE

The First Aniversary Sale at The Louvre is proving to be a very interesting event to the ladies of Prince Rupert and this store has been one busy place since the Anniversary Sale started. Quality goods make an appeal to most people. So do sale prices. And The Louvre's combination of real quality goods and real sale prices makes an appeal that ladies do respond to. The numbers who have been in our store from day to day indicate that The Louvre has won it's place as premier shopping centre. And this premier place has been won by offering to our customers quality goods only with prices always moderate.

This, our first Anniversary Sale, however, is an occasion when The Louvre has surpassed its former records with regard to prices. Just ask any of our many customers who have visited the store since this sale commenced. For example, we have a few copies of a French model—a printed silk dress, with scarf and hat to match—an ensemble would ordinarily sell at $39.50. Our Anniversary Sale price is $18.75. We have also Kasha ensemble suits—dress and long coat—in navy blue and other colors at prices from $22.50. These wonderful values are ordinary instances of The Louvre's Anniversary Sale prices.

If by any chance you have not visited The Louvre since our First Anniversary Sale commenced, do not allow the opportunity to do so to pass before this sale closes. Your visit will save you money and we will have another satisfied customer. Advt. 111
