

Persmiration Odour so umpardonable so easu to banish

What quality is so attractive as personal charm . . . and what social fault so obnoxious as perspiration odour.

Every person perspires, of course. It's natural, it's healthful. Physicians say the perspiration of the average person measures between one and two pints daily. Nature takes this way of ridding the body of impurities through the millions of tiny pores of the skin.

But perspiration need not be objectionable. Lifebuoy Soap, used in the bath, banishes the odour. Lifebuoy's creamy, mild lather not only cleanses, but also purifies the pores - anti-

> septically - and keeps them sweet, open and breathing.

Make sure of avoiding the needless social error of perspiration odour. Use Lifebuoy Soap, for hands, face and bath.

Low in price - wonder-

ful in results.

How clear, healthy skins came back

"I am a news photographer. You can imagine how a bad case of boils and a general run-down condition would fit in with my calling. Fleischmann's Yeast has been a wonderful thing for me during the past year. I have taken it three times a day for the past five months and as a result my complexion has cleared up and I have not been troubled with boils since. I want to pass on the

good suggestion to all who may be afflicted with H. C. IRVINE, Montreal, P. Q.

Everyone now-a-days knows where skin disfigurements come from. The knowledge is part of the equipment for modern life-for getting from life all the best that it can yield.

Nature knows the cause faulty elimination, intestinal uncleanliness. Nature seeks constantly to get rid of the cause. Cathartics can't do it. Other foods do not enable nature to win completely.

But this food-Fleischmann's Yeast—can. It is doing it.

You see the proof all around you. In thousands of clear, bright, happy faces; if you could have seen those faces a few months ago!

Do you know about this new Health Custom that has spread so rapidly everywhere in our modern life, among men and women of high standard? It is helping to correct the source of most of our ills-Constipation with its ever-attendant troubles ... indigestion, skin disorders and run-down condition.

Thousands of Canadians have adopted this Health Custom of eating Fleischmann's Yeastthe living vegetable three times daily

KIDNEY DISEASES

The kidneys are the filters for the whole system, eliminating from the blood stream all excessive fluids and waste that cannot be disposed of through any other channels.

As long as the system is in reasonable condition, and nerve pathways leading to them are unobstructed, these organs remain in a healthy condition, but if forced to eliminate large amounts of filthy, morbid matter, uric acid, sugar, etc., the delicate membrane becomes inflamed and so modified that it is incapable of performing its function.

There are two general conditions resulting from overworked kidneys: Nephritis, or Bright's disease, in which the urine is surpressed, thus leaving the waste and poisons in the blood; and Diabetes in which the organs become overactive and too much urine is voided.
