NEWS OF NORTHERN B.C.

PRINCE GEORGE

Weather has been milder again in this district during the past week, the lowest thermometer reading for the period being 33 degrees above, while the highest was 77 above.

The contractors and logging operators in this district are expecting a busy winter and already calls are being made for more labor.

About one hundred parcels of city property were offered to sale today at the annual municipal tax sale by City Clerk V. R. Clerihue.

A regenerative set, the possessor of which has not yet been ascertained, has been interfering with local radio reception recently.

So far this year, the log scale in Prince George forestry district is the largest on record for any year of the past. Up to August 31, the total scale stood at 72,470,986 feet as compared with 61,833,183 feet at a similar date in 1926, the highest previous year. It is expected the Prince George total this year will reach 120,000,000 or some twenty million feet more than 1926. The increase in the log scale signifies the revival the timber industry is experiencing generally this year around Prince George.

At a tea given on Saturday afternoon by the Prince George Women's Institute, Miss Dorothy Guest was presented with a cup and medal which she won in a recent home economics judging contest in Vancouver.

Paul Wieland has been purchasing a number of steers from ranchers in the Chief Lake and Nazko districts.

Friends of Mrs. R. Winkler tendered her a surprise party last Monday evening at the home of Mrs. J. Heavyside on the eve of her departure for Vancouver where she will take up residence.

BURNS LAKE

A pretty wedding was solemnized last Wednesday at the home of Anselm Kellar, Francois Lake, when his daughter, Marguerite was united in marriage to R. A. Russell, also of Francois Lake. The ceremony was performed by Rev. W. R. Ashford and attendants were Miss Bessie Buchanan and Joseph Keller. The couple left for an extended honeymoon trip in the United States and Mexico and will return to their ranch at Francois Lake to take up residence about the middle of May.

Rev. W. R. Ashford, local United Church pastor returned last week from a two months' trip to Eastern Canada.

District visitors in town on business recently have included Ben Roberts and Herbert Roberts, Colleymont; J. M. Gowans, Tintagel; L. S. McGill, Smithers; Richard Carroll, Palling.

Gordon H. Gower, school inspector at Prince George, has

been spending several days in this district on official duties.

VANDERHOOF

In order to promote seed growing in this part of British Columbia, the provincial department of agriculture, assisted by the Dominion government seed branch, will hold a seed show at Vanderhoof on October 22 or 23. A similar show will be held at Smithers.

At a reorganization meeting of the Vanderhoof Branch of the Boy Scout Association last week, Rev. David Donaldson was elected scout master; William C. Patterson, assistant scout master, and Rev. Leonard J. Hales, secretary. The trustees of Vanderhoof Superior School have given permission to the Scouts to use the basement of the school as training quarters.

Mr. and Mrs. J. W. H. Day expect to move shortly into the Vanderhoof Hotel which is being thoroughly renovated.

Erection of a 100 ton stove silo and carpenter shop and living quarters upstairs for farm employees of the Fraser Lake Industrial School has been carried out by T. P. Smithers.

CANNOT CHANGE NAME OF WIRELESS STATION

Department of Marine Regrets Inability to Comply With Request in Communication to Council

The department of marine had a letter before last night's council meeting expressing its regret that the department considered it inadvisable to change the name of the local wireless station from "Digby Island" to "Prince Rupert." The matter had been carefully considered by the department and it had been decided that the suggested change in name could only result in confusion. The letter was filed.

COUNTY COURT FOR OCTOBER

Nine Cases on List for Month, Two of Which Have Now Been Settled.

County Court was in regular monthly session before Judge F. McE. Young yesterday for setting of cases for the first time since last June. The following are the cases for this month:

Wong Lee & Co. vs. S. B. Peacock, \$51.75, Patmore & Fulton for plaintiff; Oct. 3.

CODE INSTALLED
There is no room for guess work when a warm air heating system is installed in accordance with the specifications of the Standard Code.

NO need to sleep in an ice box! No matter how bitter cold it may be outside, comfort should be yours.

The McClary "Sunshine" Furnace heats the house by the most healthful, economical and efficient method known to science—humidified WARM AIR. Unlike the dry, dead heat from iron radiators, the air in "Sunshine" homes is properly moistened . . . constantly re-circulated . . . ever moving . . . fresh . . . invigorating!

Through the exclusive "Ventblast" ring, super-heated air is sprayed over the coals. This mixes with the gases, smoke and volatiles, instantly igniting them into an intensely hot flame. The McClary "Sunshine" delivers all the heat, and gives freedom from odors, soot and coal dust. It costs much less to install this guaranteed McClary Warm Air System than hot water or steam systems. Investigate to-day.
