SETTLE OUR DIFFERENCES AT BALLOT BOX, ADVISES REV. DR. GRANT IN ADDRESS

**GIVE PRIVILEGE TO NO ONE WITH NONE RECEIVING MORE
THAN THEIR SHARE, SAYS SPEAKER—SHOULD RISE
TO PRIVILEGES OF CANADIAN
CITIZENSHIP**

"Canada will be great only as she produces great people. The things that divide us can be settled only by good will. We must stand all together, shoulder to shoulder, giving privilege to no one and no one receiving more than their share. Let us build on this great foundation of equality and justice for a greater, nobler and finer Canada in the British Empire." These were the final words of an interesting address given by Rev. H. R. Grant at the Exhibition Building last night in celebration of the signing of the treaty of peace.

Dr. Grant spoke of the valiant work that Canadians had done in the war. He mentioned that 595,000 had gone to the front, which was one in sixteen of the total population. In Northern British Columbia 2,000 had gone or one in ten of the population. Forty had won the Victoria Cross in Canada or one in 13,000, while there two out of 2,000 had won the coveted decoration.

Sacrifice of Life.

The great war had been fought and won with great sacrifice of life. They would not be worthy of the men who died if they did not rise to the great privilege of Canadian citizenship. One and a half billions of dollars had been spent and they did not regret it. As Canadians, however, they should see that the dependents of all those who had gone were well cared for, they should stand behind the widow and orphan.

The speaker said that Canada was a great democracy. He spoke of the liberty which came to us through the ballot box. Our constitution was as free as any in the world. All should stand behind the old flag which guaranteed liberty and justice to every man. If we could not all see eye to eye we should settle our differences at the ballot box, and not forget the old standard set up by our fathers.

ENGLAND WINS FROM SCOTLAND

Fast Game Between Local Soccer
Teams in Which Southerners
Have Slight Advantage.

Fast playing was the feature of the football game between the Sons of England and the St. Andrew's Society at the Acropolis Hill yesterday. Both teams were out to win and a very stiff tussle ensued. Throughout the first half the St. Andrew's had possession of the ball, but their shots did not get home owing perhaps to the good work of Jack Judge, the English goal keeper. However, Tom Black, the Scotch centre forward, scored one goal before the whistle blew for half time and there was still no score for the opponents.

In the second half the English had the down hill and the St. Andrew's seemed to lag and eventually Sid Hardy got by with a fine goal which brought the score 1-1. A little later another point was made by the Sons and this gave them their game. The game was well played. George Russell was referee and displayed his usual good judgment during the match.

TWO DANCES HELD HERE LAST NIGHT

There were two dances last night, one a jitney dance at the Agricultural Hall which was well attended and brought excellent financial results as well as giving an enjoyable time to many. The other at the skating rink.

At the Agricultural Hall George Frizzell made an excellent floor manager and those who sold tickets or otherwise helped were Sid Winsby, Bert Wearmouth and Pete Rorvik.

At the rink L. J. Marren was in charge and a large number of dancers enjoyed themselves immensely until well on toward daylight. The excellence of the floor at the rink was the subject of much comment. Supper was served shortly after midnight.

RUPERT BALL TEAM'S VICTORY OVER YANKEES

Two Games Played Before Record
Crowd of Fans at Athletic
Grounds.

A very large crowd of fans witnessed the first game of baseball in the afternoon yesterday when Ketchikan met Prince Rupert on the Acropolis grounds and were beaten at their own national game. The hitting average of the home team was much higher than the visitors although if Clementson had not got that home run in the seventh and brought in Day the score would have been much closer than it was. The pitchers worked out fine for both teams. Day for the home team being largely responsible for the victory. There were very few walks. Warry Anderson for the Prince Rupert team played short stop in real professional style and usually got a safe hit. Art Manson played an excellent first base game and reminded the old timers of the games played before the war started. Josiah, the short stop for Ketchikan made many fine pickups and grabbed some fast bouncers, and all the while smiled for the benefit of the on-lookers. The catcher, Lopes, for the Alaskans, also gave an exhibition of a war dance and ate dirt at a great rate when one of the umpires' decisions went against his side.

Summary of the innings:
Ketchikan 0 0 0 0 0 2 0—2
Rupert 0 1 0 0 1 2 0—5

Evening Game.
The evening game which also ended in a victory for the home nine, was faster than that of the afternoon and the Ketchikan field work not quite so loose. Right to the last innings it was anybody's game and at times the spectators became very excited. The score was 4 to 3.

HE WOULD NOT TRUST POLICE COMMISSION

Alderman Perry Fears Discrim-
ination in Matter of Cancellation
of Licenses.

A very long and wide discussion took place at the City Council meeting Monday in regard to the licensing of those dispensing liquid refreshments. The finance committee recommends to charge a license fee of \$20 every six months to those who sell soft drinks and two per cent beer. A resolution to bring it into effect was moved by Alderman Rochester and seconded by Alderman McRae.

Alderman McMeekin saw an extra tax on the grocery business and took exception to the tax being extended to them. He thought groceries which closed early should be exempted.

Alderman Perry suggested that it should apply where the drinks were consumed on the premises.

Alderman Rochester said that before prohibition only a few places sold beer. Now the groceries were encroaching on the business and he thought if they were in the business they should take out a license.

Alderman McMeekin retorted that the hotels had a cinch in this town as they paid but a small tax and were open nearly all night.

On a proposal in committee on the early closing bylaw to the effect that those who did not keep the provisions of the bylaw should have their licenses cancelled, a long argument took place in the course of which the question of gambling was much discussed. Alderman Perry intimated that in the past there had been discrimination and that the police commission was not free from taint. He was not satisfied to trust to their judgment in regard to recommendations for cancelling licenses, instancing a particular case which had been before the commissioners. He saw in the bylaw a chance for favoritism and he thought all should be treated alike. Finally it was decided to report progress and take the matter up again next week.

On Monday evening the Adair Carrs Chapter of the Daughters of the Empire gave a very enjoyable Cinderella dance in the St. Andrew's Hall. Everything was well arranged. The attendance was good and Harvey's orchestra provided excellent music. Mrs. Wright was convener of the committee, while Mrs. Kemp and Mrs. Hampton kept the door.
