

# FATHER Did The Washing Just Once

IF Father would take his turn at the tub just one time, old fashioned wash-day would vanish from your home forever. He would insist, for your sake, and for the general good of the family, that you let us shoulder the woes of wash-day. That's our job you know. We're organized for it. We can do the work more quickly and economically than you can. And you may doubt this, but it's a fact that we'll do it better, too. That's because we have facilities no home laundry could possibly have.

## LABOR LEADER AND DAUGHTERS

FOUR WILL VISIT CANADA TOGETHER AS PART OF THEIR EDUCATION

(By Dorothy Russell, Associated Press)  
LONDON, July 5.—On July 28, Rt. Hon. James Ramsay Macdonald, former labor prime minister, sails with his three daughters for a five weeks' visit to the Dominion of Canada. The three girls, Isabel, Joan and Sheila, are particularly enthusiastic over the journey. They intend to cover as much ground as possible in the time at their disposal, and Montreal, Quebec and Winnipeg will be visited, although most of the time will be spent holidaying at Lake of the Woods, on the Ontario-Manitoba boundary.

Miss Isabel explained that the Macdonalds were a busy family. "Joan

is studying for a medical degree at Edinburgh University, Sheila is in school here working for a scholarship to one of the universities, and I have my work on the London County Council, all of which will call us back in seven weeks' time. And of course, rather has his work in Parliament, too. But even a flying trip will be a wonderful experience. Father says that schools are important, of course but that travel is the best education of all and my recent American trip made me realize how true that is. Travel prevents one from becoming stodgy.

"We three girls have such different interests, however, that I'm afraid father will have a hard time of it, showing us all we want to see. Joan will want to visit some of the hospitals and clinics. I shall want to

see the schools and parks, in connection with my work on the education and open spaces committee of the London County Council, and Sheila will want just to have a good time."

PRICE TOO HIGH SO BOAT WAS TAKEN AND BONUS OF LIQUOR, TOO

OTTAWA, July 5.—If you can't get anything any other way, take it. That seems to be the plan of the Dominion government. They had been negotiating for a speed boat on the East coast but the price, \$30,000, was said to be too high. However, the liquor shippers could better afford to pay than the people of Canada so she was used for liquor running.

Caught when on one of her midnight excursions, the boat was confiscated and now will be used in the anti-smuggling business and in addition the government gets a bonus of about six hundred cases of liquor.
