Washed Are Not Rubbed

YOU know how you douse your dainty lingerie up and down in a bowl of sudsy water . . that's the way your clothes are washed in a modern laundry. They are not rubbed or scrubbed but are gently swished back and forth in warm filtered rainsoft water until the pure soap actually foams. Every particle of dirt is loosened without unduly lessening the tensile strength of the fabric.. Then come many rinses of rainsoft water so that your laundry washed clothes not only look and feel clean but are scientifically clean.

The nervous system is like an endless chain. From the brain every act of the body, conscious or unconscious, is directed. Out of the brain, through the spine, to organ. or limb, goes a command, together with the vital energy -the motive power-necessary to performance.

Back from limb or organ, over a sensory nerve, comes word that the command has been obeyed, or that its performance is impossible. The latter is usually a pain wave, and comes always when a spinal bone is pressing upon the nerve concerned. Its message is-"See your Chiropractor!"

By my chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.
