While some of the usual features such as inter-town baseball and football are lacking, an interesting sport program is, nevertheless, being presented for this, the Fair Week. Principal among the sport events of the week will be the open-air boxing tournament tonight for which Charlie Brown has arranged an attractive card with Madison Dix and Alf Harding providing the headliner. Native football and baseball series may be expected to draw the usual large crowds of natives with smattering of whites among them and junior lacrosse should really come into its own and draw large crowds on this occasion. The rodeo may be counted on to attract large gatherings of spectators. The stock is said to be much livelier and the riders much better than those who were here last
