PINE RIVER PASS THE BEST

Special attention of readers is today drawn to the report of the joint committee of the city council and board of trade in regard to the Pine River Pass as an outlet from the Peace River to the coast. This is the route favored by many engineers and by the committee. If it is adopted it will open up more good land than any other route, considering the amount of money invested, and will give the best possible grade and fairly easy construction. Prince Rupert people should, we think, unite on securing the adoption of this route as the best possible.

SYMPATHY FOR GALLANT GENERAL

Everyone will regret to hear of the unfortunate accident to General McRae, member for North Vancouver at Ottawa and former leader of the defunct provincial party in British Columbia who is suffering from the result of a fall on the icy pavements at the nation's capital. It is to be hoped that he will soon recover and be back in the House before very long. British Columbia needs every possible support and the General is a prominent figure on the opposition benches.

ANTI-ORIENTAL RESOLUTION

While there is no particular objection to the legislature at Victoria amusing itself in any way it pleases, the resolution in regard to deporting Orientals is hardly a practicable one. We have all sympathized with the Acadians who were deported by the British and about whom a beautiful poem has been written by Longfellow and everyone sympathizes with the people who were sent away from their homes, even though the country in which they lived was an adopted one. So, if we wish to rouse the sympathies of the world for the Oriental, all we have to do is to persecute him. We cannot imagine any responsible Federal Government undertaking to deport people who have been legally admitted to the country. It is all right to stop others coming but to attempt to deport except for some offense, would be a mistake.

McMORDIE AT OTTAWA

Judging from reports given by Mayor McMordie and also by reports received from other sources it would seem that good work has been done at Ottawa by Prince Rupert's delegate. He has at any rate directed the thought of the ministers once more in this direction and that is more than some delegates do. Ministers of the Crown seldom promise anything. They know better than to do so. Yet the attitude of the ministers on the present situation seems to intimate that this port will be at least one of the outlets from the great Peace River country.

FLOATS PROVIDED FOR

Two years ago a sum of money was placed in the estimates for the construction of floats at this port and then an election was called and the people voted against the government, so the money was not spent here and last year it was left out of the estimates. Now, apparently, these amounts are again to be included in the supplementary estimates and we shall possibly, after a delay of two years, get the much needed work done.

VALUE OF DIVIDEND PAYERS

The value of a mine which pays regular dividends to its shareholders, such as the Premier at Stewart, is difficult to compute. Investors all expect to find another Premier where they may possibly make a fortune. It is a continual inspiration to mining men. It is to be hoped that by another year or two there will be a good many dividend payers. That is the thing to stabilize the industry, to induce prospecting, to encourage development and to place mining on a sound basis.

SUNRISE DEAL DETAILS GIVEN

LOCAL STOCK AS WELL AS THAT OF LATE J. O. TRETHERWAY TAKEN OVER

Principal ownership of the Sunrise mine, near New Hazelton, the deal for the sale of which to S. Eugene Jones of Vancouver was negotiated here, through the offices of Patmore & Fulton, was acquired from the estate of the late Joseph O. Trettheway of Abbotsford, Mr. Jones' purchase, he states, also including some \$30,000 worth of stock that was held in this city. Stock may again be sold to the public at a later date although this has not yet been definitely decided upon.

The head office of the company, Mr. Jones states, will be moved from Prince Rupert to Vancouver and the Hamilton Sunrise Mines Ltd., as a company, will continue to function in the meantime at least. Mr. Jones will act as general manager, other directors including J. Fred Ritchie, president; William Gray of Abbotsford, secretary; J. E. Trettheway of Abbotsford; and L. W. Patmore, P. S. Marsden, Vancouver lawyer who was here with Mr. Jones in connection with the deal, will be counsel for the company. Mr. Jones and Mr. Marsden sailed yesterday for the Comox on their return to Vancouver.

The Sunrise property was operated last year by Mr. Trettheway who expended some \$60,000 on its development during the past year and a half. One to the value of \$127 per ton has been shipped from the mine.

BAPTIST LADIES' TEA WAS VERY SUCCESSFUL

Sum of Forty Dollars Realized From Event at Home of Mrs. P. H. Linsay

Under the auspices of the Baptist Ladies' Aid a very successful tea was held at the home of the president, Mrs. P. H. Linsay, Rand Duffing, Mrs. W. F. Price assisted Mrs. Linsay in receiving. The rooms were artistically decorated with daffodils and pussy willows. Addressing procedure to the afternoon were vocal solos rendered by Mrs. P. C. Miller, Mrs. J. J. Mulholland, and Mrs. J. S. McLeod, accompanied by Mrs. R. E. Walker and Mrs. M. H. Kott. A violin solo by Miss Kathleen Bulger, accompanied by Miss Olive Bress.

Mrs. E. J. Robinson presided at the tea, while assisting with the tea were Mrs. C. E. Larkin, Mrs. W. W. Wraithall, Mrs. F. Morris, Mrs. J. S. McDonald, Mrs. V. Houston, Mrs. Bert Morgan, Mrs. Geo. Hibbard and Mrs. Pelletier.

Mrs. A. Iverson and Miss Younger Terven had charge of the home cooking table.

In the guessing contest a cake plate donated by Mrs. J. Bulger was won by Mrs. F. G. Pyle.

A substantial sum of forty dollars was realized.

ALBERTA POLICE ARE DISCUSSED

Amending Legislation to Act May Give Power to Make Change if Necessary

EDMONTON, March 14—There is a possibility that amending legislation to the Police Act which would give the Alberta government power to enter into an agreement with the Dominion authorities for amalgamation of the Royal Canadian Mounted Police, and the Alberta Provincial Police will be brought down at the present session of the legislature, according to a statement by Premier Brodeur.

The premier stated that no further progress has been made during the past few weeks and that negotiations have been complicated in somewhat similar manner to that which is holding up the deal in Saskatchewan. With the object of giving the Alberta government power to go ahead with the deal, it is so desired, a bill may be introduced at this session.

The generally accepted view in government circles, however, is that there is little likelihood of abolishing the A.P.P. and turning over all police duties to the R.C.M.P. The Dominion offer of \$200,000 has received considerable notice solely by reason of the fact that it would mean a considerable saving to the province but cabinet ministers and many of the private members all seem to be agreed that in the interests of police efficiency Alberta should retain its own force.

BOOK ON GARDENING FOR LOCAL PEOPLE

Bank of Montreal Issues Interesting Tracts Nearly Illustrated

"Make the Garden Pay" is the name of a booklet newly illustrated that is being distributed by the Bank of Montreal with the object of encouraging people to engage in gardening. It strongly urges every person to have a garden and cultivate it and make it productive. The booklet tells how. It gives hints on what to do and what not to do. Many of the natural pests of the garden are mentioned and ways out shown.

While Prince Rupert is a little unusual in its requirements for a garden, the booklet will prove very helpful to anyone wishing to grow vegetables or fruit even in a small way. It is understood that copies may be obtained free of cost from the local branch of the Bank of Montreal by those wishing to make practical use of them.

BOOKKEEPERS SHORT LIVED

PHYSICIANS LIVE LONGEST AND FARMERS NEXT WITH BLACK-SMITHS RUNNING THEM CLOSE

CHICAGO, March 14—The bookkeeper who has risen from the grade to the grave, while the physician lags behind and lives the longest. So finds Dr. J. M. Dodson of the American Medical Association, in a recent publication of vital statistics of the Census Bureau. In reading the report before the medical body meeting here, Dr. Dodson said that the average doctor lives to the age of 62 years, the average United States citizen to 47 years, and the book-keeper to 36.5 years.

The longevity of the physician was attributed to his knowledge and application of healthful living conditions.

Railroad trainmen come next to the bookkeeper with an average span of 37.4 years. Others include: Plumbers 39.8 years; compositors 42.2; chauffeurs 42.4; machinists 43.3; longshoremen 47.3; iron moulders, 48.0; painters 48.6; bakers 50.8; coal miners 51.2; laborers 52.8; masons 53.8; blacksmiths, 55.4; farmers 58.5.

TELLS OF VISIT OF COL. McMORDIE IN NIAGARA FALLS

There has just come through the mails a marked copy of the Niagara Falls Evening Review which tells of a special meeting of the Canadian Legion held here at which Mayor McMordie was a visitor. It said in part:

A pleasant interlude in the meeting was the visit of Col. S. P. McMordie, D.S.O., mayor of Prince Rupert, B.C., who responded to an invitation that had been extended to him by the Legion to pay them a visit. The distinguished visitor was introduced by President A. G. Bridge, who served under him in England and France, with the 18th C.R.T., who briefly described some of the services rendered by Col. McMordie in the war. Col. McMordie in reply thanked the Legion for the invitation extended to him, and spoke of the good men he had met, and regretted that he could not stay longer with them, but hoped that at some future time he would be able to pay them another visit.

A hearty note of thanks was extended to Col. McMordie for his kindness in paying the visit, and which was tendered to him in the name of that the Legion knows how.

Ten Years Ago in Prince Rupert

MARCH 14, 1918.

Mr. and Mrs. William Beveridge, who have been spending some time at Nanaimo, returned to the city by the Prince George yesterday afternoon.

Ole Evensen, proprietor of the hotel at Alice Arm, who has been in the city for the past couple of days, will leave tonight for Vancouver.

Having on board the passengers of the wrecked American steamer Admiral Evans which went ashore near Juneau, the C.P.R. steamer Princess Sophia was in port last night bound from Alaska to Vancouver.

URGES PROVIDING FOR THE LIBRARY AND LOCAL MUSEUM

Frank Hart, president of the Pioneer's Association suggests that when the committee is considering the kind of memorial they will erect here, they shall consider incorporating public library and the local museum collection in it, seeing as there is a place also for the historical collection that is being made by the historians of the organization that he represents. He mentions the inadequacy of the present arrangements.

NUMBER OF POLES COMING TO CANADA

WINNIPEG, March 14—Twenty Polish families settled under the auspices of the Canada Colonization Association in the Winnipeg district last year have made excellent headway, and show every indication of wanting to become Canadianized, according to E. S. Elzig, colonization agent in that district. The work of settlement will go on this season, Mr. Elzig says, and plans are under way for the handling of at least another 20 families.

Man in the Moon

ONE of the most interesting walks of life is that from the office to the boarding house.

PEOPLE who venture on the sea of matrimony must look out for squalls.

IT is hardly safe for people who ride in the back seats of an auto to go to church. They might want to drive.

COME and let us build a railway. Let us open up a mine. Let us populate the country. Then, conditions will be fine.

THE chosen people do not appreciate a sermon on the radio is that they do not have to pay for it when the collection plate is passed.

I HAPPEN to know a young man around town who is about as popular as good advice.

THE reason for so many empty garages is that little effort is made to fill them.

IT'S often very expensive. Doing things the same old way. But it's always a pleasure to call around. And get the check for my pay.

IF there's somebody with a sense of humor looking down from above at the drings of people they must be tickled almost to death to see what some women will pay \$10 for.

WHEN a woman is too busy to provide for her nose, you may be sure she is beyond redemption.

WHEN a man gets that he is too dilatory to nag his wife, give him up as a bad job.

HYDRO-POWER ON NIAGARA RIVER

On the Niagara river, the water-power of which is shared between Canada and the United States, two or six million horse-power could be developed, but by international treaty the United States is restricted to a total diversion of the flow of the river to 10,000 cubic feet per second and Canada to 20,000. These diversions are practically all utilized by the developments now in use.

Montreal :: Importers Selling Out

OUR WHOLE STOCK MUST BE DISPOSED OF QUICKLY Here are mentioned only a few of the many hundreds of bargains awaiting your own selection at prices that are way down—down. You will see many others in our store when you come in. It will pay you to buy now when you can buy real quality goods at bargain prices.
