## Soldiers Ask for Pensions Equalization.

One of the demands being made by the Great War Veterans of British Columbia in convention assembled is that pensions of all soldiers who have served overseas should be the same, no distinction between officers and men. This is one of the things which the Daily News has again and again drawn attention to. The matter does not admit of argument. It is so clear on the surface that no one in a democratic country can think of opposing the proposal, yet no action is being taken by the Dominion Government to make the change which is demanded.

The man who left a good job here and who returns unable to earn his living and who gets nothing like as much as a man who before going overseas was earning much less, must feel his loyalty getting a big jolt. At any rate he undoubtedly feels that he is being used unjustly.

## Great Interest In Prize Fight.

It is curious what interest is taken in a fight, for that is what the Willard-Dempsey match really is. Each man is out for blood and the people as a whole glory in it. It surpasses the strike in general interest. People pay large sums to watch the game and, even though they know that the probability is the result is fixed beforehand, they are ready to bet as to which will be fixed right.

Prize fighting is one of the oldest sports, and although it is illegal in most places and good people set their faces against it, the average person reads about it even though he may not be interested in any other sport. Today the telegraph lines were kept clear for the news which was flashed to all parts of the world within a few minutes after it happened. Full detailed accounts of the match round by round are printed in most of the big papers and displayed under heavy headlines, not because the newspaper editors are interested more than anyone else, but because the public demand it. Pacifists to the contrary, people glory in a fight.

## Fishermen Have Suffered From Strike.

The fishermen have been the worst sufferers from the recent strike. They have had their market cut off and, owing to the conditions, the price of fish has been cut down one third. Some of them have tied up their boats and others have hired them to the canneries. What promised to be a big season for them has been, through the force of circumstances which they could not control, proved to be almost a failure so far.

In Vancouver the fish packers did not go on strike. They remained on the job all the time and the result was that Vancouver got some of the fish that was rejected here.

## Programs Are Now in Order.

There is a great drawing up of programs of reform which it is proposed to make in order to allay the unrest. The War Veterans at Victoria have just drawn up one, the Liberals have one being prepared, the Unionists are incubating, and the stand-pat Conservatives are also thinking one out. Other organizations are on the job, including the One Big Union and the Socialists. There is a plethora of schemes, but none will be of much value unless the men who have the administration of the laws in hand are honest. Programs and platforms are necessary, perhaps, but integrity and common sense are much more important.

## Eastern Prices on Community Silver

We just received a copy of the Robert Simpson Co. catalogue and find that our prices on Community Silver are exactly the same as theirs. We mention this as proof that we are trying to give our customers as good service as they can get anywhere.

Other things we can prove it by are Big Ben clocks, Waltham and other watches, Waterman pens, Rogers silver and almost any well known article.
