HON. J. RAMSAY MACDONALD DISCUSSES IMPERIAL UNITY

Ramsay Macdonald Urges Closer Relations Between Canada and Mother Country Which Sea Joins

VICTORIA, August 29.—Addressing the Men's and Women's Canadian Clubs here last night, Ramsay Macdonald declared: "We must live closer together—you in Canada and I in the old country. If the British Empire is to be kept together, the freedom of the self-governing dominions is to be kept solid and the mother country is to be kept in its splendid status by representatives of the dominions and the mother country holding frequent personal communication with each other. "We in the old country and you in Canada are divided by the sea," said the former British premier. "However, the sea has been the highway of the British race and we can use the sea to bring about closer unity between the mother country and Canada. The sea is our pathway and we shall keep it."

BOX FACTORY IS DESTROYED

FIRE IN VANCOUVER DOES DAMAGE ESTIMATED AT QUARTER MILLION DOLLARS

VANCOUVER, Aug. 29.—Fanned by a high wind a fire in the B. C. Box factory on Second Avenue West, yesterday afternoon destroyed the company's mill and the tannery of Pierre Paris before it was brought under control. The loss is estimated at a quarter of a million dollars as the box factory was valued at \$200,000 and the tannery at \$50,000.

The plant of A. B. Cushing Mills Ltd. on the same side of the street was threatened by flames which ate nearby through large piles of lumber between it and the box factory.

O'Brien, at Georgetown, Prince Edward Island. The late Mr. O'Brien was known to several Prince Rupert people hailing from Prince Edward Island. His death leaves only two sisters in the family—Mrs. Morrissey and Mrs. (Dr.) Stewart of Dorchester, Massachusetts. The late Mr. O'Brien is survived by a widow and married daughter.

Robert Forke Defends Policy of Immigration Into Canada

OTTAWA, August 29.—Hon. Robert Forke, minister of immigration, commented briefly today on remarks with regard to immigration into Canada attributed to Lord Lovatt, head of the Empire Settlement Board. Mr. Forke said: "If British immigrants won't come to Canada, we cannot help it." The British immigrant who was able and willing to go on the land was practically being subsidized to come to Canada, the minister declared. This was not the case with subservient people such as were referred to by Lord Lovatt. They came to Canada though given no encouragement. Lord Lovatt was quoted in Winnipeg as saying that the British people failed to understand why Canada brought 51,000 immigrants from non-preferred countries annually and only 50,000 from the British Isles.

CANADIAN NATIONAL SPENDS GOOD CASH IN PRINCE RUPERT

Discussing the value of the Canadian National Steamships to Prince Rupert, an official of the company this morning mentioned that in addition to bringing a great many people to the city the C.N.S. spends a large sum in the city for groceries, fish, laundry and other purposes. For the period March 1 to July 31 this amounted to \$19,943.38, something that helps put money in circulation in the city.

OPERA SINGER IN FINE VOICE

ERIK BYE, NORWEGIAN TENOR, MADE EXCELLENT IMPRESSION IN MOOSE HALL LAST EVENING.

Erik Bye, Norwegian opera tenor, one of the finest vocalists Prince Rupert music lovers have had the opportunity of hearing in many a day, made a splendid impression with a program in six different languages last night in the Moose Hall. Mr. Bye had been heard about ten days ago during the display of the film "Norway of Today" and many who received to hear him again last night were not disappointed. With no other detracting features on his program, he was in excellent voice and handled the different languages with equal technical skill and sympathetic feeling. His tenor possesses smoothness and volume and a marked expression.

His audience of 250 last night included speakers of all the singer's languages and there were general plaudits. He was compelled to give several encores both in English and Norwegian. The other languages in which he sang both operatic selections, folk songs and ballads were Italian, German, Swedish and Danish. His English songs, giving excellent scope for his voice, were "Homing" (Teresa del Riego); "Allah" (C. W. Chadwick); "Trees" (Oscar Rosbach) and "There Is No Death" (Godfrey O'Hara).

Mr. Bye was given effective assistance by his piano accompanist, Charles P. Balagno. Mr. Bye leaves this afternoon to give repeat recitals in Juneau, Ketchikan and Wrangell.

The program was as follows:

- "Elucavan le stelle"—Aria from La Tosca Puccini
I.
a. "Am Meer" Schubert
b. "Der Asra" Rubinstein
c. "Zveigling" Richard Strauss
d. "Die beiden Grenadiere"—Schumann

Wreckage of Plane and Body of Woman Found Near Port Townsend Making It Certain That All of Seaplane Is Lost

SEATTLE, August 29.—Positive identification of leatherette upholstery found on the beach of Discovery Bay, near Port Townsend, as being from the B.C. Airways plane which vanished last Saturday with seven passengers, was made today by C. C. George, Seattle representative of the B.C. Airways. A wicker chair, washed up today on the northern side of Port Point, is believed to definitely establish Discovery Bay as the watery grave of the plane.

A woman's body, presumably that of Mrs. Alexander McCallum Scott, one of the passengers on the ill-fated plane, was found in Discovery Bay later today, a message to the United States Coast Guard reported. A brief case and diary, which belonged to the woman's husband, a former member of the British parliament, was also washed up on the same beach today.

New Site to Be Chosen Fishery Fleet Floats

That the dominion government has abandoned the idea of putting in new floats for the fishery fleet at Cow Bay but is making arrangements to have additional mooring accommodation provided at some other point on the waterfront central to the city was the interesting announcement made today by J. P. Forde, district engineer for the federal department of public works with headquarters at Victoria, while on a visit to the city on official duties. It has been decided, stated Mr. Forde, that the float accommodation already at Cow Bay can hardly be improved upon as it fits the site very suitably. Seal Cove is a little bit too far from the city centre to be suitable so negotiations are now under way to obtain something closer in for the purpose of building additional float accommodation.

Mr. Forde stated that the department would ask parliament this year for the appropriation necessary to install the additional float accommodation at Prince Rupert. Until the appropriation had been made and the ground secured, Mr. Forde stated that he did not care to further discuss plans for the project. Work being carried on by his department in this district at the present time is largely of a routine nature, states Mr. Forde. Rupert for Skagway enroute to Whitehorse, Yukon Territory, on business in connection with extensive work that the department is undertaking on the Yukon River. He expects to be in the city again next Monday on his way south.

Vancouver Ratepayers Disappointed at Report of Police Commission

Plans Laid to Make it Issue and Possibly to Ask for Provincial Policing of the City

VANCOUVER, August 29.—Members of the Central Ratepayers' Association expressed keen disappointment and disapproval of Commissioner Lennie's finding in the police inquiry in a resolution passed at a meeting last night. The resolution said in part: "In view of the appalling evidence produced as to gambling and prostitution of the most sordid and despicable kind, citizens had every right to expect a report from the commissioner in accordance with the evidence which would be definite and decisive in every respect. We emphatically deny that Mayor Taylor was elected at the last election or any other previous election to run a wide open city." If the city council is not prepared to take vigorous action it was suggested that the attorney general be requested to take over the policing of the city.
