To enterprising material for its plant at Oshawa, Ontario, where approximately fifteen million feet of such lumber is used annually, the General Motors of Canada is contemplating the erection of a sawmill somewhere along the line of the Canadian National Railways near Prince George. Representatives of the company have been looking over the ground and are reported to have made arrangements which will result in the building of a sawmill of 50,000 feet daily capacity within the next few months.

## Man in the Moon

Radio fans are hearing a lot of U. S. Political speeches and by election day will be fed up with politics.

Where does Hoover stand? And how does Al Smith lie? These are questions often asked. To be answered by and by.

Jake says he knows a woman who can talk just as unintelligently about politics as any man.

All the cars sold today seem to have left drive but I expect to make a fortune by inventing a back seat drive car.

## A Bad Case of Eczema

Are you reading the weekly Canadian letters, telling stories of suffering from skin diseases and how relief was effected? Here is part of a letter from Mrs. E. Gibson, Box 1136, Midland, Ont. Write her if you desire. "I had a very bad case of eczema on my face and neck, also on my hands. Could not find anything to give me relief. One small bottle of D. D. D. gave me great relief, so then I secured a large bottle, and I am now without a blemish."  
The proof of the pudding is in the eating. When a prescription for skin disease has letters of endorsement from nearly every city and town in the Dominion, surely it is enough to convince the most skeptical.  
Relief from itching torment is immediate. Try one \$1.00 bottle of D. D. D. today on the positive guarantee. And D. D. D. Soap, too.
