GENERAL STRIKE CALLED OFF LAST NIGHT ON VOTE OF FIFTEEN TO TWELVE

MEN RETURN TO WORK AFTER BEING OUT NEARLY SIX WEEKS IN SYMPATHY WITH WINNIPEG METAL TRADES WORKERS

The general strike is settled, and most of the men have gone to work. The longshoremen this morning worked the cargo of the steamer arriving from the south and the fish packers and car shop men are on the job. They were out nearly six weeks in sympathy with the Winnipeg Metal Trades workers.

Yesterday there was a conference between the general superintendent of the G. T. P. and a new committee, with the result that a settlement was arrived at which was endorsed by the strikers later. Under the arrangement the men who are out are taken back as new employees and where the positions have been filled or abolished employment may be obtained when there are positions vacant.

The committee that waited on Mr. McCall consisted of Messrs. Montgomery, Dawson, Thompson, Waddell, and Ross.

Last evening the strike committee issued the following bulletin:

"That in view of the circumstances we accept the request of the committee as a recommendation on the ground that the terms of settlement are as good as we can expect under the conditions, and that we advise the strikers to return to work, thereby calling off the general strike in Prince Rupert."

Vote for, 15; against, 12.

"Take notice: This does not affect the position of the strike in Morgan's contract at the drydock where men are on strike for more wages. That strike is still in effect and the dispute is between the Morgan Company and the B. C. L. U. representing the men."

COST OF LIVING

Matter Discussed by Board of Trade at Meeting Last Evening.

A protest against the high cost of living was read last night at the meeting of the Board of Trade it having been sent by the Vancouver Board of Trade. Several drastic resolutions were named as being the possible solution for the problem.

Considerable discussion followed in this matter as to the advisability of endorsing the measure.

Mr. Nelson supported the main idea but could not bind himself to support all the resolutions therein. Finally it was referred to the committee on legislation on motion of Messrs. Nickerson and Orme, where it will receive further consideration.

BOARD OF TRADE IS TO ADVERTISE CITY

Will Issue Pamphlets From Time to Time Dealing With the "Grimsbys of the Pacific."

S. E. Parker as chairman of the advertising committee put before the board a scheme which they had on hand to give publicity to this port. He said that he did not favor advertising in the B. C. Weekly at this time.

J. D. McAuley explained the nature of a pamphlet which had been proposed, and already had several features compiled for the first issue. These publications will be small and can be sent very easily through the mail or enclosed in a letter. It was suggested that his city be called the Grimsby of the Pacific as it is from the fishing today that Prince Rupert gets its greatest income. All the data regarding industries, resources, advantages, opportunities and climate will be furnished from time to time in this up-to-date educational circular. Only a few thousand will be printed at a time.

KETCHIKAN WINS BASEBALL GAME

Americans Win by Score of 5 to 2; Team Leaves Today for Home.

Ketchikan, July 5.—The result of the baseball match between Ketchikan and Prince Rupert ended in the former winning by a score of 5 to 2. Weather conditions were not suitable for playing and before the game was over the tide had reached third base. The grounds were in very bad shape and the greatest difficulties were experienced in running through the thick mud.

The team leaves at 4 o'clock this afternoon on the return trip.

PROHIBITION UNSETTLED BUT A COMPROMISE IS EXPECTED

JOINT MEETING TO BE HELD MONDAY MORNING TO MAKE FINAL DECISION—GOVERNMENT ORDER MAY REMAIN IN EFFECT UNTIL NOV. 11

(Special to The News via G. T. P. Telegraphs.)

Ottawa, July 5.—The deadlock between the House of Commons and the Senate over the prohibition measure will reach its final stages on Monday morning when there will be another "peace conference" between representatives of both houses. There is talk of a compromise by which the government order-in-council will remain in effect until November 11 or one year from the date of signing the armistice.

While there was no hope of prorogation taking place today, nevertheless a number of members left for home last night, leaving sufficient to insure a quorum in the house until all the business is disposed of. It is now planned to wind up the session at one o'clock Monday.

ASK CONGRESS REVOKE CHARTER TRADES COUNCIL

First Direct Move Against One Big Union in Vancouver Being Made.

(Special via G. T. P. Telegraphs.)

Vancouver, July 5.—The Vancouver Theatrical Federation is sending a petition to the Federation of Labor and the Dominion Trades Congress asking them to revoke the Vancouver charter of the Trades and Labor Council.

A local newspaper says this is the first direct move against the One Big Union. The Theatrical Federation asks also that new central labor unions be formed in centres in western Canada where trades councils have shown a partiality to the One Big Union. Participants in the recent sympathetic strike, it is said, who applied for their old jobs at the Coughlan yards were required to show their union cards and that all bearing membership from the One Big Union were refused employment.

CARVELL MAY RESIGN

Ottawa, July 5.—There are to be more changes in the Dominion cabinet. There is one vacancy and it is rumored here will soon be two more. Hon. F. B. Carvell is stated to be preparing to resign.

HON. C. C. BALLANTYNE COMING IN AUTUMN

Letter From Col. Peck to Board of Trade Announces Visit.

At last night's Board of Trade meeting Commissioner Tinker read a telegram from Col. Peck stating that the Hon. C. C. Ballantyne would visit here some time this fall. This will especially interest the citizens of this city because of such a prominent minister would present an opportunity to the people here of stating their needs.

This is the first visit of Mr. Ballantyne and the Board of Trade were firmly of the opinion that there would be no end of good accruing therefrom. Arrangements will be made for the entertainment of the distinguished guest.

FLANNEL DANCE WAS DELIGHTFUL AFFAIR

Many Attend, the Men Being in Light Attire Suited to the Weather Conditions.

It was a happy thought that proposed the Prince Rupert Dramatic Club to give a flannel dance last night. The evening was warm and but for the light costumes of the dancers would have been unpleasant. At it was everyone enjoyed the event immensely.

There was a large gathering, mostly young people, and there was not a hitch anywhere. Supper was served shortly before midnight and was an unusually dainty repast. Lemonade was served to the thirsty ones and everything possible done to make the event a pleasant one.

SAYS CRIMINAL PROFITEERING TENDS TO MAKE CANADA A BREEDING PLACE FOR BOLSHEVISM AND TREASON—ALL CLASSES TO BE REPRESENTED

(Special to The News via G. T. P. Telegraphs.)

Vancouver, July 5.—The G. W. V. A. convention passed an ultimatum on industrial problems to put an end to the criminal profiteering which tends to make Canada a "breeding place for Bolshevism and treason."

The convention recommended the appointment of a permanent commission to prepare a schedule of the cost of production, manufacture, transportation and sale of essential commodities of life for the sanction of parliament. Any departure from this schedule the Association would have punished severely.

The convention suggested the inclusion of manufacturers, producers and wage earners on the commission.

ASK LAND GRANT

C. F. Law Writes Board of Trade Asking Support for Proposal

One of the most important matters before the Board of Trade last evening was a petition sent by C. F. Law requesting the signatures of citizens to support certain grants which he was asking from the Provincial Government in connection with the building of a railroad from Kitwanga to the Groundhog coal fields through the Naas valley.

President McCaffery thought that it was high time that we were getting behind any movement which would help out Northern B. C. The country was greatly in debt for railroads built in the south and he thought that it was time that something was being done which would very materially help this port. Messrs. Parker and Nelson thought that they could not ask the government to make such phenomenal land grants as were demanded in the petition. The matter was put into the hands of the mining committee.
