MRS. DAWSON ON KIPLING

Enjoyable Evening at Baptist Church Fireside Club Provided by Local Lady

The opening of the Fireside Club after the Christmas festivities was the occasion for a most enjoyable and educational recital by Mrs. F. G. Dawson who gave "An Evening With Kipling." She was introduced by Rev. W. F. Price and the large audience was very appreciative of this, the first public appearance of this lady.

The opening remarks of Mrs. Dawson briefly described the life and character of the noted writer and poet Rudyard Kipling, followed by the reading of "Wee Willie Winkie." Mrs. Dawson soon captivated the audience with her eloquence and clear and forcible expression. The reading was followed by one of Kipling's poems "Gypsy Trail" set to music, sung by R. W. Howard.

Mrs. Dawson then rendered several selections from "Departmental Ditties," "Pink Domino" was humorously enjoyed followed by the "Story of Uriah." In the "Past That Fitted," Mrs. Dawson fully conveyed the meaning of Kipling's songs. "Mandalay," sung by Mr. McPherson in a manner that pleased the audience. An encore of another was as fully pleasing. Mrs. Dawson then continued with the "Ballad of East and West," "Tommy Atkins" and "Gunga Din."

There is no doubt that those present grasped the meaning that Rudyard Kipling intended should be conveyed by his writings in Mrs. Dawson's rendition of them. Another song by this writer, "Mother of Mine," was sung in a very enjoyable manner by Mr. Howard.

"How the Whale Got His Throat" was the cause of many mirth quakes, even the eldest being carried back to the land of make-believe. A quartette by Mesdames Howard and Larkin and Messrs. Howard and Price rendered the well-known "Recessional."

The concluding number of Mrs. Dawson, "H," brought the enjoyable program to a close.

Accompanists for the evening were Mrs. R. W. Howard, Mrs. J. D. Thurber and W. Vaughan-Davies.

NOT-REDUCE WAGES.

Editor, Daily News.

Along with other false rumors circulated against me in the present campaign for Mayor, comes one that I elected I shall reduce wages.

While committed to a policy of economy I am not in favor of disturbing the present scale of wages. Economy can be effected by eliminating the waste, and there is neither the necessity nor the demand for a reduction in wages. Those responsible for such rumors must be hard pressed.

NO DOGS BURIED IN CEMETERY AT BERLIN
BERLIN, N.J., Jan. 10.—Request of a mother to bury a pet police dog beside the grave of her daughter, Julie Price, here, who died last March, because the dog was "close friends" has been refused by officials of the Berlin Cemetery.

The mother, Mrs. Julia Price, Stratford, N.J., said the dog, which was killed by a truck, followed the little girl to the grave and often took toys from a cedar chest in which they were kept and carried them to the cemetery.

The dog was buried in a cedar chest in the Price back yard. Mrs. Price says an image of the dog carved in marble will be placed near the girl's grave.

Express Cargo Steamers For C. P. R.

The fourth of the five 10,000 ton cargo steamers under construction in the Old Country for the Atlantic service of the Canadian Pacific was launched recently from the yards of Messrs. Barclay, Currie and Co., Glasgow. With appropriate ceremonies and in the presence of a large gathering of Canadian Pacific Officials, the new ship was christened "Beaverhill" by Miss Mavis Gillies, (inset) daughter of Captain James Gillies, general manager of the Canadian Pacific Steamships Ltd.

When these new steamers are delivered, the Canadian Pacific cargo fleet will be augmented by five of the highest type of express cargo steamers and capable of maintaining a speed of 14 knots an hour, which is regarded as exceptional for cargo steamers. The marked growth of ocean trade between Great Britain and Canada via the St. Lawrence route, has prompted the Canadian Pacific to augment their freight service to this extent. These vessels will be used to maintain a weekly service between Canadian ports and those in Great Britain and on the Continent.

The new freighter, like her sister ships the Beaverburn, Beaverdale, Beaverford and Beaverbrae, is 520 feet in length 61 and a half feet in width with a deadweight carrying capacity of approximately 10,000 tons and load draft of 27 feet; but should a need arise as much as 13,000 tons may be carried on the maximum load draft. The ships will be driven by twin screw.

RUMOR WAS UNTRUE

Editor, Daily News:

S. D. Macdonald told me that it was rumored around town that at a council meeting M. M. Stephens made the statement that if the men were not agreeable to accepting 42 1/2 cents per hour he would give them the lash, or they deserved the lash, or something to that effect.

If the above statement was made by Mr. Pyle I deny the statement altogether. I did say to Mr. Pyle that Ald. M. M. Stephens had used the expression "use the lash." I have since investigated and find that Ald. Stephens never made a statement that he would use the lash as applied to labor, and that 42 1/2 cents per hour was never discussed while he was in the council.

I make this public declaration in fairness to Ald. Stephens and to correct rumors to similar effect which are being circulated against him in the present campaign.

PEACE RIVER RAILWAY OUTLET.

Editor, Daily News.

Will you allow me again the hospitality of your columns to make another appeal to the public on behalf of the petition asking that the Peace River Railway to the Coast be with connection with the C.N.R. at Vanderhoof or any other point west and with terminus at Prince Rupert.

Many have already signed the petitions which are scattered all over the city, in every store, and I must say that the men have responded in much greater number than the ladies. Why this should be, I don't know. The ladies have surely just as much interest in this vital question as the men might have and I would like to make a strong appeal to them for those who have not signed that petition to inquire in the various stores where they deal and ask to sign it.

It is imperative that this matter should not be allowed to die for lack of support, and I would like to say that

NO SMOKING ALLOWED IN TORONTO Y.W.C.A.

TORONTO, Jan. 10.—Smoking is forbidden in the entire building of the Young Women's Christian Association, Miss Naughton, secretary of the Toronto branch, said there was not much prospect of the smoking subject being brought up for discussion in the local executive.

"If it should come up and was backed by sufficient members then the committee would have to consider it, but the chances of this happening are remote."

WHO CAN TELL WHY WOMAN DOES ANYTHING?

LONDON, Jan. 10.—When the counsel in the King's bench recently asked a woman witness why another woman had made a certain statement, Justice Swift remarked: "Who can tell why a woman says anything? Apparently they say a great deal. The witness cannot possibly know what another woman thought. I don't know what a witness thinks. I can hear what is said, but people don't always say what they think."
