**GREAT SERMON
REPEATED HERE**

Local Baptists Hear Words of Dr. Charles Brown From Mouth of Local Pastor

The congregation at the Baptist Church last evening had the pleasure of listening to the sermon preached at the recent World's Baptist Congress in Toronto by Dr. Charles Brown of London.

This was re-delivered by the pastor, Rev. W. F. Price. Mr. Price remarked that he was not in the habit of preaching other men's sermons, but in this case he felt justified in doing so.

The sermon was delivered on a great occasion, being the official sermon at the great Congress when Baptists from something like sixty-six different nationalities were gathered together in conference; there was a congregation of over 8,000 to hear the discourse.

The preacher was one of the greatest figures in the religious life of England, for many years one of the most trusted and honored leaders in the Baptist church in the Old Land. And it was a great message, all who heard it were deeply impressed.

It seemed only right that the Baptist people of Prince Rupert should share in the enjoyment and inspiration.

The subject was the Universal Sovereignty of Jesus Christ, and

was found in the words of Christ as given in the gospel of St. Matthew, 28:19: "All authority is given unto me in heaven and in earth."

At the outset the preacher pointed out the extraordinary and stupendous nature of the claim made by Christ, that He was King of every nation and realm on earth, and of every other

world in all the universe, and king of the invisible realms beyond death.

This claim put Christ in a class by Himself, for what man would dare to make it?

The preacher then proceeded to give the reasons for believing the truth of the claim and accepting Jesus Christ as Universal King. The claim was made by Christ, absolutely pure, holy and unselfish.

One who had died and risen from the dead. He proved the truth of His claim by His resurrection.

The claim fitted in with all that He said of Himself. He always spoke as no other man ever did speak.—"As one having authority," commanding to give eternal life to those who believed on Him, and claiming that He was the great King before whose awful throne all nations must be gathered for the final judgment. The claim of universal sovereignty was entirely consistent with all that Christ ever said of Himself.

And the claim was in harmony with all that was said of Him by the other writers and speaker of the New Testament. The represented him as God, the Creator, the Universal Ruler, King of Kings and Lord of Lords, who shall ever reign for ever and ever.

It was then asked what should be the effect of this great claim upon us, and, in answering that question, the preacher remarked that it should give us confidence in the government of the Universe. He who rules all kings was the loving Jesus of the gospel. Love was on the throne.

Yes, but it was holy love, love in justice and righteousness, love that demanded holiness and

would not condone evil. And it should fill us with reverence and awe.

But the chief effect of the claim should be that
