Took National Anthem as Unique Subject at Service Organization Dinner Last

Taking as his rather unique subject the National Anthem "God Save the King," J. C. Brady, M.P., before the Prince Rupert Gyro Club last night, gave an interesting account of how that hymn had come into being and took occasion to deliver a brief message of Imperialism and Canadianism to his hearers. The address prov ed rather novel and for that reason, together with the speaker's usual eloquence, was much appreciated. The dinner, which took place in the Commodore Cafe and presided over by L. W. Waugh president of the Club, was in honor of the single members of the organization, being the outcome of a baseball match over a year ago when the bachelers of th Club defeated the benedicts.

Lionel Holtby, who in his capacity as umpire, was accused of throwing the game to the single men, occupied a seat of honor with the president and the speaker. During the dinner there were selections by Miss Irene Morrison at the piano, and Jimmy Currie, with the drums, and community singing was led by Morris Blott. Guests included George Campbell of Premier; J. B. Dougherty of Vancouver, and Fred Stephens Alex. Connon and Paul Aivazoff.

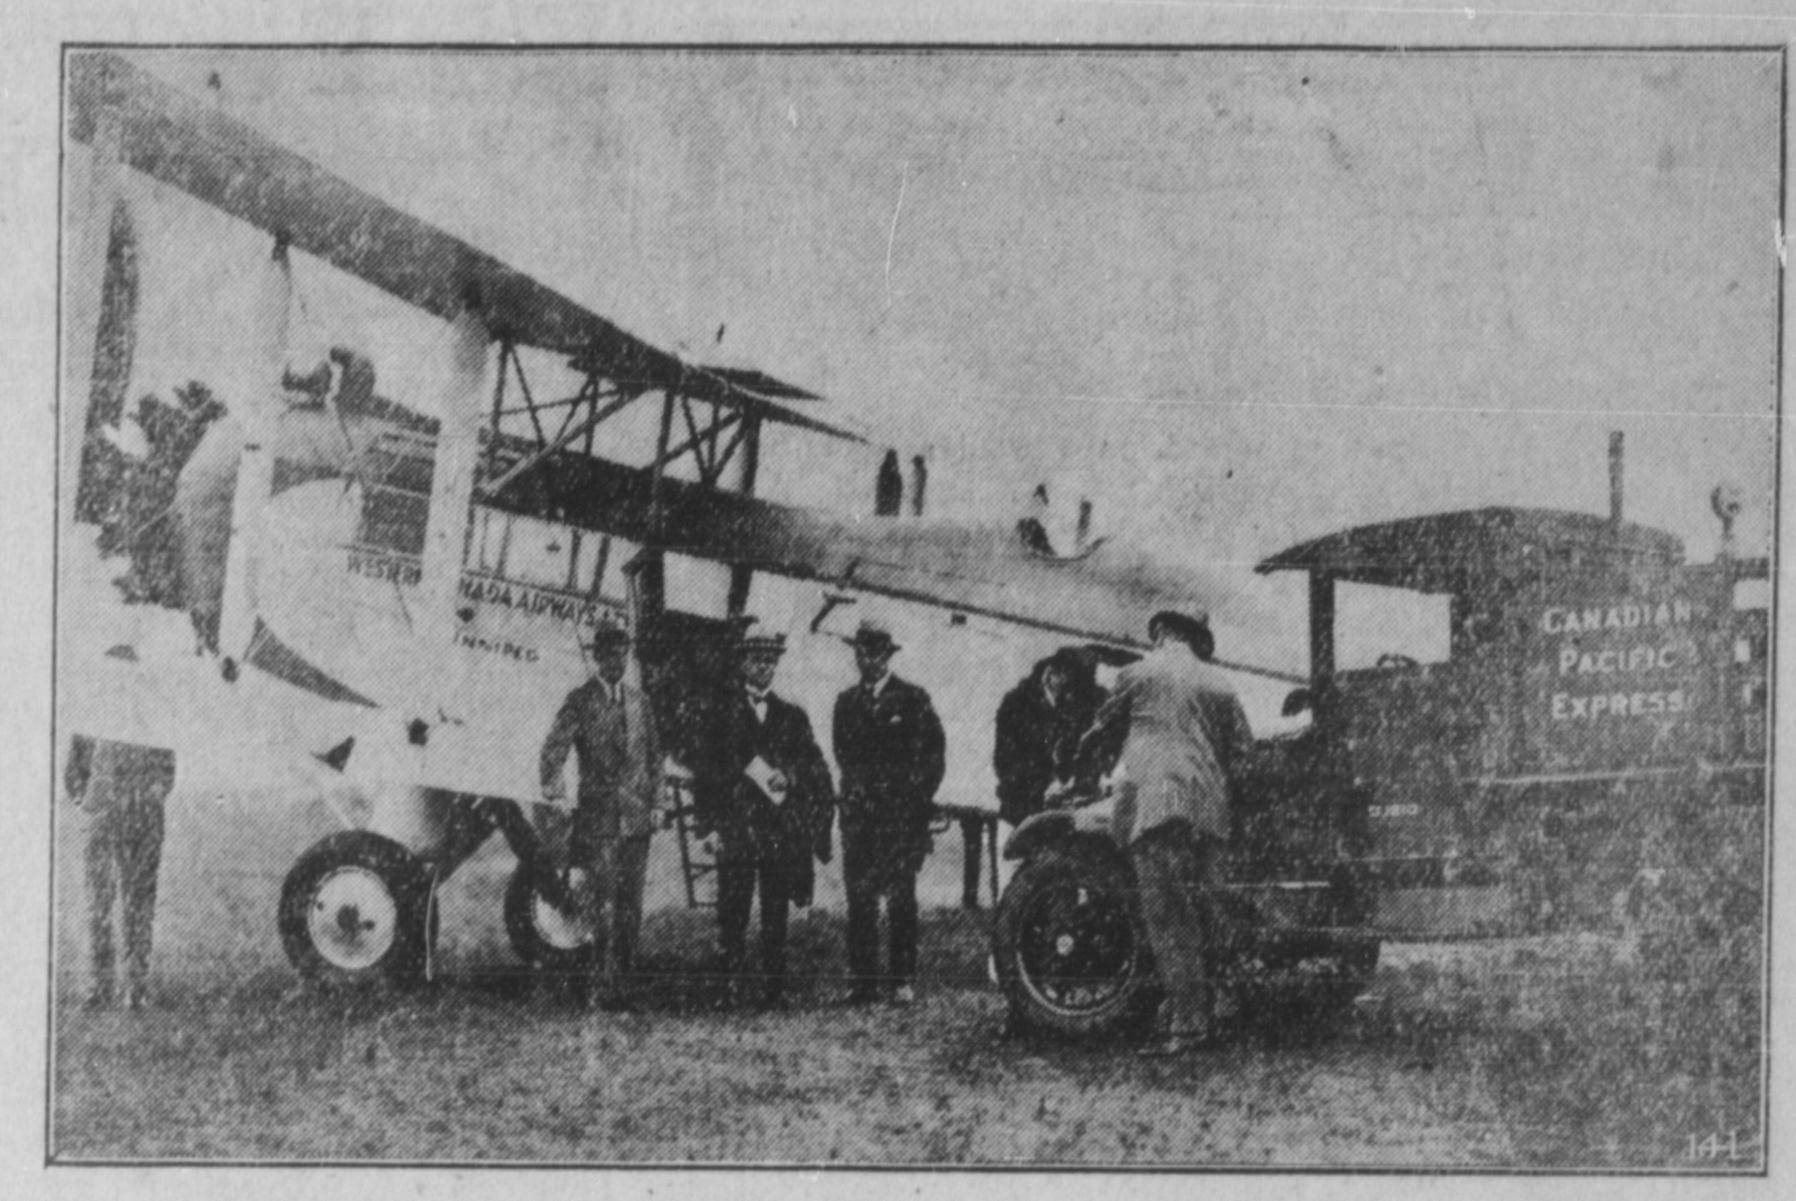

Opening his address in humorous vein. Mr. Brady stated that tions were necessarily ceremonial and ritualistic in nature. Therefore, he had decided to select for which was not generally known year's. Distance, so far as the Canadian Pacific is concerned appears to be measured no longer in miles. Time is the important factor and, at least in respect of package goods, the Canadian Atlantic and Pacific coasts are drawing closer each year. Here, Captain Brintnell is signing for Canadian Pacific express packages to be carried over the airway between Winnipeg and Calgary. For several months the Company has operated an air service between Rimouski, Quebec, Montreal, Ottawa and Toronto. The new link in the air chain was forged under auspices of Premier Bracken of Manitoba.
