YANKS BEAT CARDS IN WORLD SERIES

LABOR ELECTION PROGRAM MADE PUBLIC IN ENGLAND

Waite Hoyt Pitches New York To Easy 4 to 1 Victory Over St. Louis In Diamond Classic

Hitting of Ruth and Meusel Was Also Factor in Opening Baseball Game Today—Scherdel Unable to Hold Americans

NEW YORK, October 4.—Crippled but still playing championship baseball, New York Yankees made their hits count today and defeated St. Louis Cardinals 4 to 1 in the opening game of the World Series before a record-breaking crowd unofficially estimated at 75,000 persons. Waite Hoyt, the Yankees' pitching ace, was in wonderful form, holding St. Louis to three scattered hits of which Jim Bottomley, Cardinal fielder, secured two — one being a homer. Bill Scherdel, who started for the Cards, and Johnston, who relieved him in the eighth, permitted the Yankees seven hits including a homer in the fourth by Muesel with Babe Ruth on bases.

Score by innings:

	1	2	3	4	5	6	7	8	9	
St. Louis	0	0	0	0	0	0	1	0	0	—1
New York	1	0	0	2	0	0	0	1	x	—4

DIED IN EACH OTHER'S ARMS

Live Wire Touched Man's Wrist and Wife Tried to Pull Him Away

RECEIVED FULL SHOCK

Neighbors Watched Tragedy Follow Careless Attempt to Remove Discarded Wire

SUDBURY, Oct. 4.—Frank Gerwaerts and his wife met death by electrocution in front of his home here last night while neighbors looked helplessly on.

The man was attempting to remove a piece of discarded radio aerial wire from a power line carrying four thousand volts. He used a mop and broom handle for the task when the end of the wire flew up, touching his wrist. His wife immediately caught hold of him and she too received the full voltage and they died in each other's arms.

Election Program Of British Labor Party

Public Ownership of Coal Mines, Transportation, Power, Agricultural Land and Life Insurance is Demanded

BIRMINGHAM, Eng., October 4.—The election program of the Labor party made public at the annual conference of the party yesterday favors public ownership of coal mines, transportation facilities, power, agricultural lands and life insurance.

The program was introduced by Right Hon. J. Ramsay MacDonald in the form of a fifty-page booklet prepared by the executive committee and circulated among the delegates. It also sets forth that the Trades Union Act should be repealed. The banks must consider the interests of the nation as a whole and not the interests of financiers, the booklet said. The minimum wage must be effective.

The booklet said that there could be no equality between capital and labor while the owners formed one class and labor another class.

SIR HENRY IS EDUCATING THE FRENCH PEOPLE

Thornton Telling Them About Canada and Her Potentialities While in That Country

PARIS, Oct. 4.—Sir Henry Thornton found everywhere in Europe a desire to enter into relations with Canada, he stated in an interview with the Canadian Press after he had addressed the Canadian section of the British Chamber of Commerce yesterday.

Sir Henry said that before embarking on his European trip he had four definite objects in mind, emigration, traffic, money and brains and in addition investigation of mechanical devices. He said he found certain influential people who had no idea of the potentialities of Canada. "I have given them some ideas about Canadian potentialities. We want everything we can get from them, money, men and brains, Sir Henry said.

The main portion of the castle had been burned in 1921. Twenty-five tons of hay on another Irish Free State estate where the couple had planned a visit was also burned last night. The visit may be postponed.

LIE GIVEN TO POOLEY CHARGE

Minister of National Revenue Files Attorney General For Unwarranted Attack

UNQUALIFIED DENIALS

Department Has Always Endeavored to Co-operate With Provinces, Declares Euler

OTTAWA, Oct. 4.—Hon. W. D. Euler, minister of national revenue, today issued a statement dealing with charges reported to have been made by Hon. R. H. Pooley, attorney general for British Columbia, against the department. Mr. Euler declared that his department had attempted in all sincerity to co-operate with the provinces in the enforcement of their liquor laws and that in not a single instance had licenses for breweries or distilleries been granted when the provinces were opposed to them.

The minister dealt specifically with the shipment of a carload of whiskey from the distillery of Gooderham & Worts, of which, according to news reports, Mr. Pooley made special mention.

"The charge that the Dominion government is deliberately violating its own law for the benefit of the liquor interests is utterly untrue," declared Mr. Euler. "Such a statement shows a poor lack of knowledge of the true situation and a quite apparent disinclination to accept our offer of co-operation. I cannot believe that Mr. Pooley really made such a charge.

"If the British Columbia attorney general had any fault to find with the department of national revenue, it would have been fairer for him to address the complaints to the department rather than to the press."

Hubert C. McDonald has been transferred from the local unit of the R.C.N.V.R. to the Royal Canadian Navy and is now stationed at Esquimalt.

PROMINENT CLERGYMAN HOPES GOD WILL PRESERVE UNITED STATES FROM CANADIAN SYSTEM HANDLING LIQUOR

FARGO, North Dakota, September 4.—A hope "that God may preserve the United States from the Canadian system of handling intoxicating liquor" was expressed at the annual conference of North Dakota ministers and laymen by Rev. R. C. Endicott, of Saskatoon, secretary of the missionary and maintenance fund of the United Church of Canada.

"We have more bootleggers than you have. The situation is all bad and getting worse. Canadian brewers are continually reaching out to break down restrictions. Don't let them fool you," Mr. Endicott said.

Three Perished In Edmonton Fire Last Night When Blaze Swept Through Stanley Block

EDMONTON, October 4.—A fire which swept through the Stanley Block early last night took toll of three lives, wiping out the little family of Steve Gluissch, 28 years of age, a cook who had rooms in the building.

Gluissch was taken from the block terribly burned and died en route to the hospital while the bodies of his wife, Nancy, 24 years of age, and his four-year-old daughter were discovered on the floor of their apartment when the firemen were finally able to penetrate the smoke choked rooms.

It is believed that the dead man was struck down by falling debris and trapped in the hallway while attempting to reach his wife and child.

Three firemen were overcome by smoke in fighting the blaze and are being treated in the hospital.

Two roomers, Ernest Begley and a man named Kosliska, were also slightly injured.

The block is a three storey structure, half of which is of frame. The building is veneered with brick and contained a large number of rooms.

There were about thirty people in the building when the fire broke out. It is estimated that the property damage is about \$10,000. It started in a packing case filled with excelsior in the basement and roared up the stairway cutting off the occupants of the front rooms. The Gluissch family were trapped in room eleven on the third floor.

MISSION CITY, Oct. 4.—Joseph Gagliardi, a logger, eighteen years of age, was instantly killed when struck by a snag.
