# CANADIANS CONTINUE TO LOOM LARGE OLYMPIC GAMES

## Canadians Continue to Make Very Good Showing in Olympic Games by Winning Relays, Men's and Girls'

AMSTERDAM, Aug. 4.—The Canadian team headed by Percy PROCRAM FOR Williams won the first heat of the 400 metre relay in wind and driving rain. As in the 100 metre classic, Williams just defeated Jack London, the British Negro, to the tape in the final spurt which gave

the Canadians the victory.

United States and France also won their preliminary heats. In the girls' relay the Canadian team broke the world's record, winning the first heat in 49 2-5 seconds, while the Americans equalled

the record with 49 4-5 seconds. The Canadians were Fanny Rosenfeld, #Ethel Smith, Florence Bell and Myrtle Cook, all of Toronto.

MANITOBA JUSTICE WERE

INVESTIGATED

OTTAWA, Aug. 4.-The dismissal of

Judge H. F. Maulson of the northern

judicial district of Manitoba is announc-

#### Open Split Develops in American Athletic Un on at Amsterdam in Which Charges Made by Official

AMSTERDAM, Aug. 4.—An open split developed amoong American amateur athletic union officials here, developments of which have been brewing and which reached its height last night when Frederick W. Rupien, following his virtual removal as field official, charged his disbarment was due to the efforts of Murray Hulburt, national president.

Murray also charges that Hulbert antagonized Canadian officials who were seeking to file a sprint protest. This protest of P. J. Mulqueen referred to one of the 100 metre heats in which George Hester of Canada, misled by chalk lines at

80 metres, stopped before he had reached the full distance. Hulbert asserts he offered to make Mulqueen's protest but the latter became abusive and charged "prejudice" and working against Canadians.

## CONSERVATIVE PARTY TO COLONEL C. W. PECK

VICTORIA, Aug. 4.—One of the first things to do is to ascertain where the country is in a financial way, Hon. Dr. Tolmie said, at a reception given by Sidney Conservatives last night to Colonel Peck. A survey will be made.

The prospective premier declared that in his opinion something could be done to improve the condition among farm-

## Labor Objects to Bringing Ten Thousand British Miners to Work in the Harvest Fields of Canada

OTTAWA, Aug. 4.—Objection to the proposal by which 10,000 British workers would be brought to Canada for the harvest was expressed last night in a motion passed at a meeting of the allied trades and labor council.

The motion was urged by Tom Moore, president of the Canadian Trades and Labor Congress. who set forth that the council deemed the move inadvisable both from the standpoint of the migrants, who it was said, would not find sufficient winter employment, and from the standpoint of the municipalities in which they would find themthemselves stranded.

Mr. Moore said he thought everyone realized the importance of getting in the harvest but it was likely enough that men would be forthcoming from within the country.

## Former British Labor Premier Discusses Few Problems of Old Land

Sees Conservative Party Due for Hard Blow But Admits. They Are Well Organized and have Newspapers With Them.

QUEBEC, Aug. 4.-Interviewed here last night Right Hon. J. Ramsay Macdonald said, the recent agreement reached between railway employers and employees in Britain did not constitute a reduction in wages in reality because the employees had accepted the former wages, getting permanent instead of irregular work.

Commenting on the election, Mr. Macdonald said the Conservatives was due for a hard blow. The Government had done nothing toward utilizing the natural resources, and attemptingg a real solution of the unemployment problem except within the last few

months. Liberals he thought would make no headway and labor was under a handicap. Conservatives were organized for a strong campaign and had the newspapers behind them.

Commenting on immigration to this country, Mr. Macdonald said the Canadian principle of selective immigration was a good one but he thought the Canadian sieve somewhat small mesh.
