The Quality Goes In Before The Label Goes On

Every prescription that bears the Ormes label has for its foundation drugs that are as fresh and as pure as money can buy—is dispensed by men of long training in accuracy and dispatch—is measured as exactly as human carefulness coupled with accurate instruments can measure. Yes, the quality goes in before the label goes on an Ormes Prescription.

HORRIBLE DEATH
A Highland shooting party was augmented one day by the arrival of an English M.P. of some renown. That evening, in honor of the distinguished guest, dinner was a very ceremonious affair, a pipe being in attendance in the room. At the end of one very wild and harrowing skirl of music the M.P. said to his host: "Pardon me, but which—er—tune was that?" "That, sir," said the host, "was 'The Death of MacCrimmon'." "Dear me," murmured the guest, "what a terrible death he died."

AN EARLY BANK OF MONTREAL "TOKEN"

FOUNDED before Canada had any currency of its own, the Bank of Montreal early obtained authorization from the Government to issue copper tokens for small change.

Reproduced herewith are the two sides of the "Bouquet" token, one of the earliest coins issued by the Bank. The intermingling of the rose, shamrock and thistle indicates the three branches of the British people—the English, Scotch and Irish—while the use of English on one side of the coin and French on the other is significant of the mingling of the two races in this country.

"Trade and Agriculture" indicates the early connection of the Bank with both urban and rural life in Canada.

Throughout its long history the Bank of Montreal has always been active in serving the financial needs of all the people.
