

We'll Wash You Iron

If you like to iron we'll be glad to do the harder job of washing. And without messing your home! We'll call for your family bundle. We'll wash it snowy white in pure soap and rainsoft water. We'll extract most of the water in our special fabric-saving spinning basket wringers. Then we'll return everything to you, sweet and sanitary. . . . and just damp enough for your own hand iron. We call this our Wet Wash Service. The charge only 5 cents a pound.

What Is Chiropractic?

LIFE, that all existent force in everything which lives, moves, and has its being, that part which resides within the human body known CHIROPRACTICALLY as Inate Intelligence, assembling its forces in the brain, transforming them into Mental Impulses, transmitting the impulses from the brain via the spinal cord and nerve trunks emitting therefrom (through the intervertebral foramina of the spine) ramifying to all parts of the body, producing and controlling all functions; this process, unhindered means HEALTH.

The spine being the only segmental structure of the body which is movable through which nerve trunks pass, hence the spinal column by the possibility of displacement of its segments, changing the shape of the intervertebral foramina, impinging the nerves emitting therefrom, offers the only interference to the transmission of the mental impulses; this being the CAUSE of DIS-EASE.

Having scientific knowledge of, together with the artistic ability to adjust and correct these displacements, and thereby remove all interference with the transmission of mental impulses to all parts of the body, restoring health; this is Chiropractic. For your health's sake,
