FOOD STOCKS ARE WASTING

U. S. Government's Huge Stocks of Army Foodstuffs Alleged Deteriorating Though Badly Needed.

Washington, July 9.—Millions of pounds of meat and canned vegetables are being kept on hand by the War Department, deteriorating while the American public needs every ounce of food. This statement was made by C. W. Hare, director of sales for the department, before the committee investigating war expenditures.

This food, he said, consists of 75,000,000 pounds of bacon, 5,800 pounds of ham, 850,000,000 worth of canned meats and \$100,000,000 worth of canned vegetables.

This foodstuff was offered for sale recently by the War Department, but only one bid was received, which was for less than half the value of the goods, which the department refused to accept. It was expected that most of this food would be disposed of to foreign countries, as for it all to be thrown on the United States market would demoralize business for some considerable time.

Sport

As the St. Andrew's Society was unable to field a team last evening two scrub teams were chosen from the players and the spectators. The game was a fast one and many goals were scored. The feature of the match was the extraordinary agile goal keeping of "Scotty" Dennis.

Malcolm Lamb played excellently in the game last night and if football critics had any prestige upon the matter of picking teams many would have Malcolm playing the half-back line on the regular St. Andrew's team.

The Rupert Athletic have a good chance of carrying away the honors for football in this city. The players are all enthusiasts and turn up in good time all ready to play. Delay in starting very often spoils the whole match.

For the past few weeks a very popular pastime among the young people has been canoeing and rowing among the many bays and inlets across the harbor. The long evenings give an opportunity for three or four hours of delightful exercise.

Yesterday afternoon there were a large number of swimming enthusiasts over at the Salt Lake. The water was in fine condition and according to those who have been swimming since the beginning of the season it is becoming warmer. Added facilities are rapidly making this delightful spot very favorable for good racing and water sports of all kinds.

A number of the younger boys of Prince Rupert show great interest in baseball for the same ones are down playing on Market Place nearly every fine evening in the week. They are taking a close note of all the special plays and in time will show that they are made of the right stuff.

Some of the girls are very enthusiastic over baseball and besides attending all the ball games have practised themselves once in a while. They have the right spirit and the work out on Market Place yesterday was evidence of what they might show their big brothers.

FARM LOANS for SOLDIERS

How Everyone Can Help

THE Government has developed a liberal and broad plan to help soldiers settle on farms. It is securing land. It is granting substantial loans. It is obtaining advantageous prices on equipment, implements, building materials and live stock. It is providing agricultural training and farming supervision.

That is as much as the Government itself can do.

But the plan needs more. It needs a community spirit of co-operation.

Already Provincial Governments, Universities, Farmers' Associations, and Veterans' Associations are giving valuable assistance. Many manufacturers and sellers of farm supplies have agreed to allow the soldier settlers special prices. Many successful farmers have willingly worked on Qualification Committees which have to pass on the applicants. Men who have had experience in lending money on farm property are serving on Advisory Loan Committees, judging land values.

But even such practical assistance is not enough. In each community farmers can be of real service to the soldier settler. They can give him advice about local conditions. They can lend him an extra horse or plough, give him a day's help at seeding or harvest time, and extend to him that friendly, neighborly, respectful spirit which he deserves.

In this way Canada is performing a double duty. It is discharging, as far as possible, the debt we owe to our soldiers; and it is adding to the country's chief industry a body of competent, willing producers.

Full information about lands and loans for soldiers will be sent on request to the Provincial Superintendent, Soldier Settlement Board,

Rogers Building, Vancouver, B. C.
