RACED WITH DEER BUT ANIMAL BEAT

Made Forty Miles Hour for a Mile Ahead of an Automobile

EDMONTON, July 16.—Elmer Stutchbury, local advertising man, says that 40 miles an hour is nothing in the life of a young buck deer. Picking up the animal in the glare of his headlights while driving along the Namao road, Stutchbury raced the animal for over a mile ahead of his car. The speedometer showed the car to be making 40 miles an hour, but the deer easily kept ahead of the auto, and when he finally tired of the sport jumped lightly over a fence into a wheat field, where he proceeded to make himself at home.

The deer headed into town when last seen. This is the second appearance of a deer in town in the last two days. J. B. Daly, bandmaster of the 49th battalion band having seen one at 124th and Jasper early on Friday morning. This animal was also a high jumper, and was clearing garden hedges with ease.

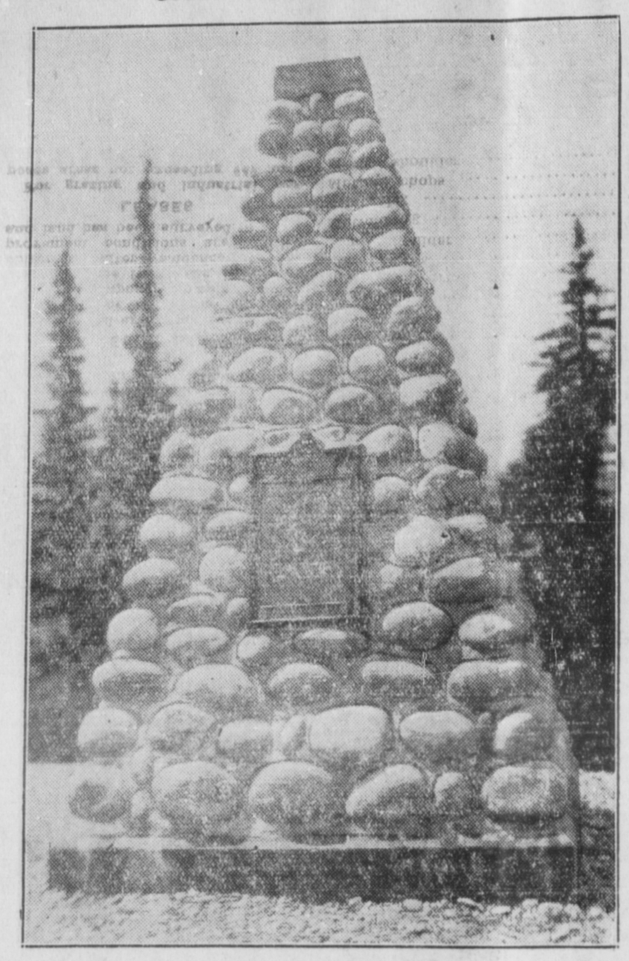
JASPER'S BEGINNING



While Jasper Park Lodge and Jasper National Park, Alberta, are numbered among the best known places on the continent today, there was a time when Jasper was only a trading post of the North West Company. That was about 1813. For half a century it was the main support of the trade route across the mountains and an important point for all persons journeying through the Yellowhead and Athabasca passes. This cairn was erected last year on the site of old Jasper House by the Historic Sites and Monuments Board of Canada to mark the spot where this once famous trading post stood.—Photograph by Canadian National Railways.

REFUSED ADMISSION TO CANADA BUT NOT FRIVOLOUS REASONS

TORONTO, July 16.—"My husband has been refused admission into Canada because he is 50 years old," a woman recently told officials of the British Welcome and Welfare League. Upon investigation it was found he had been suffering from an ailment many years, and his case had been referred to Ottawa for further investigation.

The incident recalls the case of a young woman who, it was claimed was barred from Canada because she weighed 157, when later evidence proved the Girl weighed more than 200 pounds. The Welcome League, the other day, received an appeal from a girl whose friend was refused admission into Canada "because she had warts." It turned out the girl's arms were covered with warts of a contagious nature.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

BETTER SEATING AT YANKEE STADIUM

EW YORK, July 1...—Boxing critics see one ray of hope on Tex Rickard's horizon. If the ballyhoo falls on the Tunney-Heeney bout, the famous promoter will have quarters for the reception of the fans as never have been available in New York.

The Yankee Stadium, where the heavyweight championship card will take place July 26, will have its seating capacity increased to seat 97,000 on fight nights. And $1,000,000 will be taken in from ring side seats alone if Tex succeeds in disposing of all the $40 pasteboards for the big show.
