
The Racer

I use Champion Spark Plugs because I know I can depend on them—no matter how tough the going.

Champion is the better spark plug because it has an exclusive sillimanite insulator specially treated to withstand the much higher temperatures of the modern high-compression engine. Also a new patented solid copper gasket-seal that remains absolutely gas-tight under high compression. Special analysis electrodes which assure a fixed spark-gap under all driving conditions.

WHEAT HARVEST IS BEGINNING DURING WEEK

NOTHING YET TO CHANGE EARLIER REPORTS OF LARGE CROPS THROUGHOUT PRAIRIES

WINNIPEG, Aug. 13.—Almost ideal weather conditions have characterized the crop outlook in the prairie provinces during the past week, according to the fifteenth C. N. R. crop report. Bright brezy days have prevailed generally with intermittent showers and isolated hail storms reported from Saskatchewan and Alberta. No seriously disturbing factor appears to have arisen, however, to necessitate changing previous conceptions of crop prospects.

Cutting of barley and early oats is well advanced in many parts of Manitoba and early varieties of wheat have been harvested at a number of points. Manitoba is practically assured of a rust free crop. Some hail damage has occured at Minitonas, the estimated extent being fifty per cent loss on approximately a thousand acres. Harvesting of Standard varieties of wheat should be general about August 18.

Local points on the Dodel and subdivision in Saskatchewan report very beneficial showers. The most serious hail damage reported from Saskatchewan comes from Tisdale subdivisions where an area four miles by fifteen suffered as high as one hundred per cent in individual cases. Some isolated reports of rust are causing no alarm owing to the advanced condition of the crops. Wheat cutting should start in earnest in Saskatchewan between Aug. 15 and 20, though western areas report some heavy crops that will require longer than this to mature.

Frequent showers have occurred in Alberta which have occasioned some lodging of grain on the Vegreville subdivision. The most serious damage in this respect, however, occurs on the Coronado subdivision from Smokey Lake to St. Paul district where the hail struck, reporting from 40 to 50 per cent loss. The warm weather of the past week is ripening all crops fast. A few reports of Garnet wheat harvesting have been received but wheat cutting will not be general until around August 25.

HOTEL ARRIVALS

Prince Rupert—Mrs. T. Hambleton, Ottawa; George Bolyan, Juneau; Mr. and Mrs. W. J. Brost, Monroe, Mich.; Miss F. E. Fank, Baltimore, Md.; J. E. Dubberley, James P. Burbridge, F. D. Mathers, H. E. YOUNG POLITICIAN PAYS VISIT HERE

Paul Martin of Pembroke, Ontariao, at Age of 24, Was Candidate in Ontario Provincial Election.

Paul Martin, 24-year old collebe graduate, who has the distinction of being the youngest man to enter political life as a candidate in Canada, arrived in the city on the Prince Charles this morning after a visit to Vancouver and entrained here for his home in Pembroke, Ontario. It was last year that Mr. Martin unsuccessfully contested the provincial seat of Pembroke as a Liberal candidate. His ambitions, however, were not dampened and he says he is going to try again.

Mr. Martin was accompanied by J. J. Taylor of Ottawa, Yiberal organizer in charge of young men's clubs.

Ten Years Ago in Prince Rupert

AUGUST 11, 1918

The Allies are advancing on the western front and along the Albert and Montdidier sector twenty miles long and took five miles in one morning. The French, Canadian, Australian and Brtish troops have joined in a big forward movement and in one place penetrated the enemy lines for a distance of seven miles.

Douglas Stork is in receipt of a letter from Art Manson, who is at the Front, in which it is stated that both he and Wallace Anderson are playing baseball with the troops in France.

Taken suddenly ill while camping across the harbor yesterday, Miss Margaret Reid, daughter of Mr. and Mrs. W.Reid, was rushed to the city and died in her father's arm as she was being driven home in an automobile last evening.

SMITHERS

There has been a siege of automobile accidents in this vicinity recently, many cars having been wrecked in the valley during the past two or three weeks.

J. R. Turner, manager of the Duthie mine, has been called to Vancouver to consult with his principal, J. F. Duthie, in regard to the latter's mining undertakings.

Evidence of the wide publicity gained by the Bulkley Valley as a seed producing district was seen at the recent meeting of the Smithers District Board of Trade when a communication was read from Wierner-Neustadt, Austria, asking for the names of persons handling such seed.

It is feared that John Barnum was recently drowned in Francois Lake. He was carrying a load of hay in a small boat which has been found empty near Uncha Point.

A 400-gallon tank has been installed at the Topley-Richfield mine for the storage of fuel oil.

The Smithers townsite is threatened with being overwhelmed by one of the worst forms of noxious weeds—the sow thistle. The weed was first noticed last year and has since spread.

NEW HAZELTON

H. E. Thornton has been spending some time at Wood Creek, being in charge of work for the Canadian National Railways.

Mr. and Mrs. Carlson of Jasper Park are visiting with friends in New Hazelton.

L. F. Chapman, western manager of the MacGillis and Gibbs Co., which is the chief purchaser of poles produced by the Hanson Lumber & Timber Co., has been in the district looking over the local situation with Olof Hanson.

Several more carloads of cedar poles have been loaded at New Hazelton last week and some heavy shipments have been made recently from the main landing place at Cedarvale.

Miss Muriel Boyle of Telkwa has been visiting in New Hazelton with Miss Jean Burns.

Miss Wright of South Vancouver is visiting in Hazelton with her parents, Rev. and Mrs. T. H. Wright.

Three Attractive Features

The annual riding and camping expedition of the Trail Riders of the Canadian Rockies has many attractive features, but at the top of the list were undoubtedly the three charming maidens photographed above who took part in a 250 mile ride, joining up with the main group that visited the Lake of the Hanging Glaciers. They are Kitty Miskey, Betty McCullough and Betty Hall, all of Philadelphia.

SPORT CHAT

Percy Lake of H.M.S. Durban, who made such a good impression here last month when he met Johnny Woods of Seattle in a ten round bout, being robbed of the decision on that occasion, will meet Jimmy Ryan, former lightweight champion of all the United States Navy, in the headliner event of a boxing card which will be held at the White Centre Athletic Club in Seattle on Thursday evening of this week. Lake, who was champion of the China station for three years, should have quite a battle with Ryan of U.S.S. Colrado who has had many fights and has seldom been beaten. It had been expected that Lake might be rematched with Johnny Woods before H.M.S. Durban left coast waters.

Ever shifting interest in the Big Leagues has now moved to the National where New York Giants, showing every sign of a late season come-back, are pressing the St. Louis Cardinals hard for the pennant. It has been said that all western teams—St. Louis, Chicago, Cincinnati, and Pittsburg—were stronger this season than New York but the performances of the McGraw men of late have not substantiated that opinion. If the Giants do not win the flag it would look as if they will nearly do so. New York Yankees look safer again in the American League following the cessation of Philadelphia Athletics' winning streak and the Yanks' own return to form.

WELL KNOWN LOCAL HALIBUT BOAT SOLD

Capt. Peter Meuse Purchases D. S. T. from Capt. James Parsons.

The well known local halibut boat D S T. has been bought by Capt. Peter Meuse from Capt. James Parsons. The vessel has fished out of here for many years and formerly belonged to Capt. Jack Morrison, now local agent of the Deep Sea Fishermen's Union. Capt. Peter Meuse is one of the city's best known halibut fishermen and for the past couple of seasons has been on the Ringleader with Capt. Merrill Sollows.

Among the incorporations last week was that of the Francois Lake Logging Co., capitalization at $10,000 and with head office at Glentanna.

JAPANESE CONSUL VISTOR IN CITY

Toured Waterfront and Will be Given Dinner in Boston Hall Tonight

After having spent a few days in Port Essington visiting his countrymen there, T. Fukuma of Vancouver, Japanese consul for British Columbia, arrived in the city last evening and will be here until Wednesday morning when he will proceed to Jasper Park en route south. Mr. Fukuma is being accompanied on his trip north by T. Ode, who is well known as an exporter of salt fish from the Queen Charlotte Islands.

Mr. Fukuma was taken on a motor trip around the city today and evinced much interest in the dry dock, Cold Storage plant and other local facilities. He will be given a dinner in the Boston Hall tonight by local Japanese.

JAPANESE FINED FOR FISHING IN CREEK FOR SALMON

Two Japanese salmon fishermen were found guilty by Magistrate H. F. McLeod in provincial police court on Saturday afternoon of fishing in a creek in the Naas River division and fines of $100 and costs were imposed in each case. L. W. Patmore prosecuted on behalf of the department and Milton Gonzales appeared for the defendants.

Mr. and Mrs. W. E. Denning and family will sail on the Prince Charles this afternoon to make the round trip to Stewart, Anyox and Massett Inlet.

This afternoon's train, due from the east at 3:30, was reported this morning to be one hour and a-half late.
